ARIES (March 21-April 19). You're grateful to those who have mentored and cared for you in your life, and yet there are still areas in which you feel you have been completely unguided.

TAURUS (April 20-May 20). You get the feeling that a certain person is only nice to you when he or she wants something. Good observation. It's not your fault that some people only care about what's in it for them.

GEMINI (May 21-June 21). If you were to write a bucket list, it would include a few spectacular happenings, but mostly personal accomplishments and small, meaningful exchanges.

CANCER (June 22-July 22). When your idols aren't doing anything that makes you want to worship them, it's time to get new influences. Branch out and ask friends and colleagues who they're paying attention to and what they're doing for enjoyment lately.

LEO (July 23-Aug. 22). New friends bring good fortune. You'll extend your network by attending a group, accepting an invite or (best of all) shaking hands and introducing yourself.

VIRGO (Aug. 23-Sept. 22). It's nice when the people closest to you seem to really know and understand you, but it's not necessary for your happiness. That's why you can let today's misunderstanding go and do something nice for yourself.

LIBRA (Sept. 23-Oct. 23). Sometimes you need a break from being awesome at life, and you can safely take one today. Sure, you still have responsibilities to attend to, but they can be handled with minimal effort. Just fly under the radar.

SCORPIO (Oct. 24-Nov. 21). Instead of fighting distraction, today it may benefit you more to make room for distraction and let yourself really follow it, perhaps without calling it "distraction" at all. Isn't it really just curiosity?

SAGITTARIUS (Nov. 22-Dec. 21). It's strange when you sit down to think of action steps and positive differences you can make and what comes out of it seems more negative. That's because grievances must be aired before they'll go away.

CAPRICORN (Dec. 22-Jan. 19). You like fun-loving people, but you are also skeptical of them when their love of fun seems much more serious than their love of doing the job at hand. Trust your instincts and get the right person for the job.

AQUARIUS (Jan. 20-Feb. 18). Yes, there were certain efforts you made that, by all appearances, were made completely in vain. But the deeper truth is that no effort is made completely in vain. You benefit others even when you don't realize it.

PISCES (Feb. 19-March 20). Get someone to help you with your workflow -- nailing the right pattern will be key to your success. Even with help, it will take time to work out the kinks, but considerably less time than trying to figure it out on your own.

TODAY'S BIRTHDAY (Feb. 24). You have an image in your head about who you want to be. You'll put quite a lot of effort into your life choices over the next 10 weeks, and then living the way you prefer will seem far easier, nearly automatic.
