ARIES (March 21-April 19). In some cultures, subordinates check in with their superiors before making any decision at all. You would rather not have this dynamic. Each person empowered to do their thing independently -- that's what works for you.

TAURUS (April 20-May 20). All over the world, when people fold their arms in front of their chest, it means they feel defensive. It's usually a mild barrier, and when you see it, you'll work a little harder to get someone to open up.

GEMINI (May 21-June 21). There's only one like you; therefore you needn't worry about saying something that's never been said before. Even if you repeat someone else's message, you'll personalize it in a way that's all you.

CANCER (June 22-July 22). Because of your stellar work ethic, i you spend time following, enjoying and studying your idols, it feels like you are loafing off. That couldn't be further from the truth. This

LEO (July 23-Aug. 22). Theoretically, the sun is in the process of setting just after it reaches its highest point in the sky. But those pretty colors splashed across the horizon only last a few minutes

It will be lucky, inspiring and love-attracting to watch the sunset. VIRGO (Aug. 23-Sept. 22). Before you get discouraged or star spending money on the unnecessary, there are resources right under your nose that you haven't tapped yet. Think about who you

know and who they know LIBRA (Sept. 23-Oct. 23). You are so connected to a certain some one that you can understand what each other needs without a ver-

bal exchange. And when you want to talk, you can say everything SCORPIO (Oct. 24-Nov. 21). Truth be told, you don't always play to win. Sometimes it's more polite, fair or kind to let someone else

win. You'll assess today's opponent with an open heart. SAGITTARIUS (Nov. 22-Dec. 21). If you interact with someon while he or she is in a bad mood, this person will associate you

with this negative state of mind in the future. That's why, when you

see a dark cloud, you should turn the other way. CAPRICORN (Dec. 22-Jan. 19). Before you take advice, check credentials. Is your adviser using the same strategy and winning? You could potentially waste a lot of time following the wrong per

AQUARIUS (Jan. 20-Feb. 18). Your naturally affable personality will attract many, some of them needy, and you don't have an unlimited amount of time for socializing. But you don't have to be friends with everyone to be friendly to everyone

son, so be careful!

PISCES (Feb. 19-March 20). Just as reading happens in a differ ent part of the brain than television watching, each event of the day touches your mind differently, thus shaping your creativity in a totally unique way.

TODAY'S BIRTHDAY (Feb. 27). You'll approach your work with love and your love with the attitude that you will keep working to build the bond. That's why neither gets old to you this year. Nex month is for travel and making friends. April brings back a problen from last year, and you'll handle it once and for all. June feature: family celebration. Aries and Scorpio people adore you.
