HOROSCOPES

—By Holiday—

SATURDAY, MARCH 7, 2015

ARIES (March 21-April 19). If people aren't responding the way you wish they would, maybe it's not you -- maybe it's them. There are many who simply don't understand the things you're so good at.

TAURUS (April 20-May 20). Oddly, when you don't expect to be paid for a job, you'll approach it with more joy. An interesting relationship begins with your expert service to another person who desperately needs it.

GEMINI (May 21-June 21). You don't bore easily because you're always looking into the deeper layers of what's going on. Write down your observations about life because they will add depth to a future project.

CANCER (June 22-July 22). The people who think it's important to be right are actually quite wrong about that. Letting go of the need to be right will liberate your energy and vitality.

LEO (July 23-Aug. 22). Once you bond, you don't easily separate from a person. Today you have nearly telepathic abilities with someone you're firmly attached to, and all you discuss will serve to further cement the tie.

VIRGO (Aug. 23-Sept. 22). There are many types of bathing. You'll bathe not only in water, but also in music, attention, beauty, intellect and love. So many wonderful things will wash over you that you will feel blessed, indeed.

LIBRA (Sept. 23-Oct. 23). You get better at a game each time you play it. When it's over, sign up for another round. Courtship is a kind of game, too, and it's one you'll enjoy this weekend.

SCORPIO (Oct. 24-Nov. 21). You're foolproof today -- you absolutely can't be fooled unless you choose to fool yourself. There might be good reasons for doing that. If you do go along with a falsehood, it will probably be in the name of compassion.

SAGITTARIUS (Nov. 22-Dec. 21). Fewer commitments mean less stress. Less stress means greater joy. Greater joy means extra powers of attraction. Extra powers of attraction mean more love.

CAPRICORN (Dec. 22-Jan. 19). There's a reason why life seems to go in slow motion when you encounter someone very attractive. Rushing around is for amateurs. Calm down, move slowly, enjoy your time, and get there early.

AQUARIUS (Jan. 20-Feb. 18). Just because a task is difficult doesn't mean it will earn you points. Some of the easiest jobs will earn you adoring attention, like the job of listening carefully to others and helping them feel how important they are.

PISCES (Feb. 19-March 20). Kindred souls are all around, though you'll have to look for them. When you find one who fits the profile, get all the relevant information to keep in touch. This is special. It's a sign that there are many more out there.

TODAY'S BIRTHDAY (March 7). Your cosmic birthday present is remarkable clarity of mind. Apply it to April's important decisions. Stressful burdens will be lifted in May, allowing you greater powers of self-discipline that enable you to establish positive habits. Your relationships with people of a different generation will make you rich in many ways. Cancer and Scorpio people adore you. Your lucky numbers are: 20, 10, 24, 3 and 15.
