ARIES (March 21-April 19). Integrate your talents instead of choosing between them. Anyone who tries to limit your activities isn't being a friend right now, because you have the ability to do veral things at once

TAURUS (April 20-May 20). There is no success without failure. No one feels good without the contrast of feeling bad. If you keep your attitude on track with the positive, the contrasts in this day will only make you stronger

GEMINI (May 21-June 21). You build your reputation with each action you take. Little by little, day by day, your legacy is coming together. Tonight, someone new to your situation will give you a

CANCER (June 22-July 22). You don't want to "cry wolf," and yet, in order to truly understand the strength of your support system you have to put it to the test. Implement some version of a fire

LEO (July 23-Aug. 22). Follow an orderly process, and you'll be

lucky. It will require more preparation than you think. In fact, most of the day will be spent in preparation for something that will unfold in less than an hour.

VIRGO (Aug. 23-Sept. 22). Heed the physical manifestation of hesitancy: a tightness in the throat and chest and/or a heavines in the arms. While your ambition tries to push you forward, you ntuition may hold you back

LIBRA (Sept. 23-Oct. 23). We all think things that should not be said out loud, but some people haven't developed the social filter necessary to keep conversation polite. Luckily, your friends have you to keep them in check.

SCORPIO (Oct. 24-Nov. 21). You love your family today, and you'l treat most people you meet like they are a part of it. Domestic proj ects will be lucky, as will anything to do with feeding your people

SAGITTARIUS (Nov. 22-Dec. 21). What's in your mind cannot be observed by anyone else, and today that's a good thing, because you're working on what truly belongs to you. Don't share it. The world isn't ready for it yet.

itual bond. In the upcoming weeks, you'll become more and more convinced that you belong together

AQUARIUS (Jan. 20-Feb. 18). Your enthusiasm is catching. You joy needs no qualifiers. It will open people up and make them fee ike unleashing their own natural exuberance

PISCES (Feb. 19-March 20). You'll get better results when you ease up on yourself. Approve of yourself with that same generous approval you so readily give to others. Tonight will bring the end of

TODAY'S BIRTHDAY (March 13). The next three months are a makeover for your life. You'll fix the bothersome parts and cele brate three distinct wins. In June, a quest will take you to gorgeous locations where you'll connect with interesting people. July brings a disruption to your plans, and the result you get in August wil make it all worthwhile. Capricorn and Scorpio people adore you Your lucky numbers are: 40, 33, 1, 14 and 18.
