HOROSCOPES
By Holiday

SATURDAY, MARCH 21, 2015

ARIES (March 21-April 19). Research shows that a stressed or nervous person can focus on only a few things at a time, while a calm person can take in more details. It's one more reason for you to make yourself comfortable.

TAURUS (April 20-May 20). Part of the work ahead will have to do with healing family relationships or finding new ways of handling them. Focus first on your own feelings, especially the ones you've tried to push down or deny.

GEMINI (May 21-June 21). The clock hands will smile on you. You'll find shortcuts and ways to maximize your efforts. You'll get the work done in half the time or fit twice the fun into your leisure hours.

CANCER (June 22-July 22). Softness and weakness are not the same thing. Anyway, forceful tools and attitudes won't work today. A warm smile will put people immediately on your side.

LEO (July 23-Aug. 22). People aren't always that nice. It's why you choose to honor the kind ones you meet along the way with exchanges of appreciation and encouragement.

VIRGO (Aug. 23-Sept. 22). In the culture of consumerism, effective marketing of substandard goods can net more profit than quality goods with bad or no marketing. You'll busy yourself with the homework of a savvy consumer.

LIBRA (Sept. 23-Oct. 23). Trying to get a commitment out of someone is work, while trying to engage a person in one interesting moment is play. Don't worry -- you'll be able to string those moments together with the right person.

SCORPIO (Oct. 24-Nov. 21). You'll truly feel like the master of your destiny this year, though you should understand that, as with all master-and-servant relationships, the servant also has quite a lot of power.

SAGITTARIUS (Nov. 22-Dec. 21). A specific and unique reaction is a kind of gift that you give to another person, letting this person know that you are paying close and special attention to the nuances of who he or she is.

CAPRICORN (Dec. 22-Jan. 19). You'll be tested. You have an unfair advantage in this: your sharp powers of observation. If you watch and listen closely, people usually will subtly indicate to you exactly what they want you to do or say.

AQUARIUS (Jan. 20-Feb. 18). You'll be inspired by a hero. This could be one you've long held in high esteem or one that's created in a moment of valor. You, too, have heroic qualities, which is why you're so impressed.

PISCES (Feb. 19-March 20). On your quest to being a better person, you're usually up for making improvements. What's needed most now has nothing to do with action and everything to do with accepting and relaxing into how you are "as-is."

TODAY'S BIRTHDAY (March 21). You're in sync with the cosmic clock, as evidenced by the "coincidental" good luck you experience over the next six weeks. May brings the kind of personal success that vindicates past slights. You'll raise the morale and effectiveness of your family or a group. June shows you dancing with your love. Taurus and Capricorn people adore you. Your lucky numbers are: 6, 17, 42, 38 and 21.
