Condon student to attend science congress

CONDON — Prema Nissinen, a sophomore at Condon High School, has been nominated to attend the Congress of Future Science and Technology Leaders in Boston, Mass., on June 28-30, 2015.

Nissinen

The Congress is an honors-only program for high school students who are passionate about science, technology, engineering or mathematics (STEM). The purpose of this event is to honor, inspire, motivate and direct the top students in the country who aspire to be scientists and technologists, to stay true to their dream and, after the event, to provide a path, plan and resources to help them reach their goal.

Nissinen was nominated by American hero and astronaut Buzz Aldrin, science director of the National Academy of Future Scientists and Technologists, to represent Oregon based on her academic achievement, leadership potential and passion for science and technology. During the three-day Congress, Nissinen will join students from across the country and hear Nobel laureates and National Medal of Science winners talk about leading scientific research; be given advice from deans of the world's top tech universities; be inspired by fellow teen science prodigies; and learn about cutting-edge advances and the future of science and technology.
