TUESDAY, APRIL 7, 2015

ARIES (March 21-April 19). There's a mood jumping off of you, and everyone around you can see what it is. Is it what you want to project? If not, make adjustments accordingly. You have the power!

TAURUS (April 20-May 20). You have trepidation about what could happen today, but that won't stop you. The upside of fear is that it gives you an adrenaline rush -- just what you need to be brave, which takes a lot of energy.

GEMINI (May 21-June 21). Your ambitions of the day are social - they depend on other people for their realization. That's why it's important to understand what the other people need and want before you make your move.

CANCER (June 22-July 22). While trying to understand and predict the behavior of others, it's natural to use shortcuts and assumptions. But in order to truly know someone, you must let go of preconceived notions and see this person as though for the first time.

LEO (July 23-Aug. 22). Self-awareness and introspection don't always lead to figuring out what you want to do and how to stay motivated long enough to accomplish it. It's time to stop pondering and join a group.

VIRGO (Aug. 23-Sept. 22). A competitive mood prevails. Go over the rules of the game in your head to make sure you stay in line. If there are no rules (perhaps because this is not officially a game), then make some up for yourself.

LIBRA (Sept. 23-Oct. 23). You may not be a part of the main action going on around you, but your influence over what happens will still be quite strong. Your opinions and example will change how people think and behave.

SCORPIO (Oct. 24-Nov. 21). Because you are able to work quietly and alone for long periods of highly focused time, you are perfectly suited to a certain well-paid job. Put your name in the hat.

SAGITTARIUS (Nov. 22-Dec. 21). You want to provide opportunity and guidance for future generations, specifically the next one behind you. Someone in this crew has been watching your every move lately.

CAPRICORN (Dec. 22-Jan. 19). You prefer your interactions to be purposeful and cheerful. Nothing irritates you more than people who seem to have no problem wasting time or sharing their apathetic mood.

AQUARIUS (Jan. 20-Feb. 18). Don't let your support system weaken from disuse. Let your team know you need them. Do things together that will require help from all. You're not the only one who benefits from uniting the group.

PISCES (Feb. 19-March 20). Social risks will pay off, especially the hardest one: being the first to approach a stranger and strike up a conversation. The potential for new friendship and/or romance is definitely there.

TODAY'S BIRTHDAY (April 7). In your experience, the super-luck doesn't come to mild-mannered wishful thinkers, and that's why you work like crazy to make your own opportunities this year, a strategy that will make you happy, prosperous and well-connected. You'll sign a deal in May. June shows you entertaining and rising in political status. Aquarius and Taurus people adore you. Your lucky numbers are: 6, 45, 13, 21 and 14.
