PUBLIC NOTICE Perennial Wind Chaser Station Notice of Public Hearing and Request for Comments Perennial Wind Chaser Station Draft Proposed Order

Summary Date Issued: April 14, 2015

Proposal: Perennial WindChaser, LLC seeks a site certificate to construct and operate a 415-megawatt natural gas-fueled energy facility.

Facility Location: Umatilla County, adjacent to the existing Hermiston Generating Plant.

Public Hearing: Date: Thursday, May 14, 2015 Time: 6:00 p.m. Location: Oxford Suites 1050 N. 1st Street Hermiston, OR 97838

Comment Deadline: May 14, 2015 (close of the record of the public hearing).

Introduction The Oregon Department of Energy (the department), staff to the Energy Facility Siting Council (EFSC), received an application for site certificate from Perennial WindChaser, LLC, a wholly owned subsidiary of Perennial Power Holdings, Inc., for the construction and operation of Perennial Wind Chaser Station, a natural gas-fueled energy facility with a nominal generating capacity of 415 megawatts. Under Oregon law, the applicant must obtain a site certificate from EFSC before constructing and operating the proposed facility. The department issued a Draft Proposed Order on the Application for Site Certificate on April 14, 2015. The Draft Proposed Order recommends EFSC approve the Application for Site Certificate and grant a Site Certificate, subject to the conditions listed in the order.

Description of the Facility The Perennial Wind Chaser Station would include four generating units, each consisting of one GE LMS 100 combustion turbine, intercooler heat exchanger, electrical generator, selective catalytic reduction unit, catalytic oxidation unit, and a stack. In addition, the project includes the following related and supporting facilities:

- Lateral natural gas pipeline
- Reconductored transmission line
- Step-up substation
- Interconnecting water pipelines
- Utility lines
- Temporary construction facilities
- Operations and maintenance facilities

Location of Proposed Facility The Perennial Wind Chaser Station is proposed to be located in Umatilla County, adjacent to the existing Hermiston Generating Plant.

For detailed maps, please see the department website at the link below or Exhibit B of the Application for Site Certificate.

Public Hearing and Comment Period A public hearing on the Draft Proposed Order will be held at 6 p.m. on Thursday, May 14, 2015 at the Oxford Suites in Hermiston. Written comments are due no later than the close of the public hearing. Written comments may be submitted prior to the public hearing by mail, email, hand-delivery or fax to the hearing officer, in care of:

Andrea Goodwin, Siting Analyst Oregon Department of Energy 625 Marion Street NE Salem, OR 97301 Email: PER.Comment@state.or.us Phone: 503-373-0076

Written or oral comments may also be provided at the public hearing. The Council will not accept comments on the Application for Site Certificate or on the Draft Proposed Order after the close of the record of the public hearing.

To be eligible to participate in a contested case on this application, a person must raise an issue either in person at the public hearing or in a written comment submitted after the date of this notice and received by the department before the record closes on May 14, 2015. Even if a person commented earlier in the process, that person must raise issues, either in person at the public hearing or in writing during the comment period, to be eligible to participate in the contested case.

For consideration in the contested case, issues raised must be within the Council's jurisdiction and must be raised with sufficient specificity so that the Council, the department, and the applicant understand the issue being raised and are afforded an opportunity to respond to the issue. To raise an issue with sufficient specificity, a person must present facts that support the person's position on the issue.

EFSC Decision Process Following the public hearing, the Council will review the Draft Proposed Order and public hearing comments at its regularly scheduled Council meeting on May 15, 2015. Following its review, either at that meeting or at a subsequent meeting, the Council will direct agency staff to prepare and issue a Proposed Order to approve or deny the application, and to issue a Notice of Contested Case. Following the contested case, the Council will issue a Final Order on the Application. More information about the contested case process is available on the department's website at <http://www.oregon.gov/energy/Siting/Pages/process.aspx>.
