

NORTH AMERICAN STOCK SADDLE BRONC RIDING CHAMPIONSHIP & TEAM BRANDING/SLICK HORN TEAM ROPING

With 20 of the best stock saddle bronc riders in the world converging in Pendleton, the North American Stock Saddle Bronc Championship has built a reputation as one of the most exciting, best-paying bronc ridings in the Western States Ranch Rodeo Association.

This year, the action will be combined with some of the best ranch cowboys from the Great Basin competing in Team Branding and Slick Horn Team Roping. These will be two of the most entertaining nights you'll ever experience at Pendleton Cattle Barons!

The Team Branding/Slick Horn Team Roping will start Friday, May 8 at 7 p.m. at the Pendleton Round-Up Pavilion. The Stock Saddle Bronc competition is Saturday, May 9 at 7 p.m. at the Pendleton Round-Up Pavilion.

Bring the family, grab some refreshments and watch the region's finest cowboys. Buckaroos from all over the West will be riding the biggest, toughest outlaw broncs in the country. Event coordinator, Marty Campbell said "They get western! The guys better have their hammers cocked when they get on."

The Pavilion venue puts the fan right in the middle of the action, and Campbell warned spectators will likely be dodging dirt clods at the fast-moving rodeo. It's a great place to see some of the Northwest's most talented cowboys and horses.
