MISS GO GRANITE

Notes: Pistol is a gorgeous 7-year-old red dun gelding. He was used for a year in a feedlot at Simplot. He is nice to open and close gates on and is very cowy after being used to pull sick cattle. Last summer he was started in the roping pen on the head end. He runs to cattle well and stays quiet in the box. He has been ridden outside here at the ranch, gathering cattle, and has spent a lot of time in the branding pen. This gelding is approximately 15.3 hands, 1250 lbs. and is very strong. He sells 100% sound and is current on all vaccinations. For more information, please visit baileyperformancehorses.com.

LOT 27

HOWDY

GRADE • 6/1/08 • GRADE PALOMINO GELDING

Consignor: TY STURZA, MILTON FREEWATER OR

Notes: Howdy is a big, stout, honest using horse. Good to brand and doctor on and gets across the country well. He's very smooth and free moving. The horse sells 100% sound. For more information, videos, or to come try him please call 541-720-0952.

Notes: Dillon is a big, handsome gelding that will get your attention. He weighs in at about 1400 lbs and has good bone and hard black feet. We bought Dillon as a baby and liked him well enough to keep him. He is a solid feedlot horse; He opens and closes gates off both sides with ease, is quiet in the pens and will stand all day when settling cattle. He is as good outside as he is inside. He has been in some steep country. He can get around cattle in a hurry and step and walk off quietly. He is riding nicely in the arena, taking his leads and loping nice circles. This is a standout individual all the way around. Packed a flag on him in several parades last year and he took everything in stride. He looks like a big time head horse for someone or a fancy trail riding horse. Any way you go, you will look a long time to find one like him. We like him and think you will too. 541-571-6606
