HOROSCOPES By Holiday

THURSDAY, MAY 7, 2015

ARIES (March 21-April 19). Warrior spirit that you are, you're ready to fight for your honor. On the other hand, it doesn't always serve the situation. Often it's best to keep your composure and balance as you say nothing and walk away.

TAURUS (April 20-May 20). Many famous people have at times completed their work from bed, including Leonardo da Vinci, Thomas Hobbes and F. Scott Fitzgerald. You'll join their club with the beautiful things you come up with from the pillow.

GEMINI (May 21-June 21). With candor and humor you'll turn situations into situational comedy. You know how to do this gracefully, without discounting or making fun of anyone's troubles.

CANCER (June 22-July 22). Sometimes you are content because of what you have, and other times, like today, you are content because of what you lack in expectation. Whatever occurs, it will delight you.

LEO (July 23-Aug. 22). Make no assumptions about your performance. Just because you've done it one way for a long time doesn't mean you're doing it right. The breakthrough will come after you open yourself to new insights.

VIRGO (Aug. 23-Sept. 22). Bottom line: You need more sleep. Vitality, beauty, a happy mood -- they're all a product of increasing your zzz's. Revisit your nighttime routine with an eye toward optimum relaxation.

LIBRA (Sept. 23-Oct. 23). Dreams die hard, especially for children who are raised on fairytales magic brought to life in vivid CGI. But some dreams, once released, make room for remarkable realities.

SCORPIO (Oct. 24-Nov. 21). It may feel as though someone other than you is running your life. If that's happening, it's only because you got a little distracted. Bring yourself back to the driver's seat.

SAGITTARIUS (Nov. 22-Dec. 21). The excitement building around you is not coincidental. People feel there's something special in what you're creating, and they want to be a part of it.

CAPRICORN (Dec. 22-Jan. 19). Sacrifice will be necessary, but not to a detrimental degree. You've been giving so much of yourself that you may feel depleted. Try to pull back. Stop before there's nothing left for you.

AQUARIUS (Jan. 20-Feb. 18). Not knowing which way to go doesn't always mean you're lost. In today's case, the real journey begins at the place where you're not sure which road to take.

PISCES (Feb. 19-March 20). More choices don't make people happier; they just confuse matters and, as an added bonus, make people long for what they gave up. Offer three options, and you'll have happy customers.

TODAY'S BIRTHDAY (May 7). No matter how educated you are, you'll make it a main goal to broaden your knowledge and skills this year. Furthermore, you'll take on other hard personal challenges because doing the hard things makes you better. The next seven weeks bring a contract that will improve your lifestyle. New friends come in July. Aquarius and Gemini people adore you. Your lucky numbers are: 13, 2, 28, 24 and 11.
