HOROSCOPES

WEDNESDAY, MAY 13, 2015

ARIES (March 21-April 19). Each and every day you communicate the love and respect you feel for those close to you. Most of the day will be spent promoting the highest interests of your family.

TAURUS (April 20-May 20). You'll be in a position to choose between social offers. Deft handling will be required if you're to avoid hurting anyone's feelings. The best way is clear and direct.

GEMINI (May 21-June 21). Your need for a quiet space will clash with another person's noisy social style. A compromise will be necessary, but don't give up too much, or you'll grow to resent the deal.

CANCER (June 22-July 22). An obvious solution to your troubles may nonetheless elude you, which is why you would be wise to partner with someone who is free with his or her opinions and observations.

LEO (July 23-Aug. 22). It's too soon to give up on your goal. Fight for it instead. It is now time to remind yourself what you came here to do. Take a risk tonight -- you'll make good.

VIRGO (Aug. 23-Sept. 22). A slow ascent to the top is usually the way it goes, but now your foot is tapping impatiently, and your mind is screaming, "MOVE IT!" Why mosey on up when you can arrive lickety-split?

LIBRA (Sept. 23-Oct. 23). Because so many people want in on it, the good life quite often needs to be scheduled. Make the reservations now so you won't have to pay through the nose later.

SCORPIO (Oct. 24-Nov. 21). Beauty is as it animates. In other words, beauty is in the action. Confidence is better than any genetic gift you could have. Feel good about yourself.

SAGITTARIUS (Nov. 22-Dec. 21). Stop worrying about surviving, and start planning to thrive instead. Money is not the answer, but having more of it will change the questions.

CAPRICORN (Dec. 22-Jan. 19). Your love life gets interesting. You hold back because you know it will make the other person reach. The mystery you create will work to your advantage.

AQUARIUS (Jan. 20-Feb. 18). Rid your space of bad-luck items like pictures of yourself you never really liked, tools that don't work and outdated information. Make room for the new.

PISCES (Feb. 19-March 20). Pretend that the new people you meet are already your friends, and you'll put everyone at ease. Tonight, listen well, and you'll learn a short cut, save yourself from a futile effort or improve a relationship.

TODAY'S BIRTHDAY (May 13). Announce your goals. Once you commit, there is no going back -- your friends will keep you accountable. June brings a contract. July has you leading the group. August shows you as a champion of your family. The work you love may not pay as much as you'd like, but the money gets better in November and January. Capricorn and Pisces people adore you. Your lucky numbers are: 6, 40, 33, 28 and 11.
