HOROSCOPES

By Holiday

SATURDAY, MAY 30, 2015

ARIES (March 21-April 19). You know there's a problem to be solved, but for some reason, you are in the mood to treat it as an advantage, not a problem. From this mindset, you'll come up with many solutions, some humorous, some workable.

TAURUS (April 20-May 20). Grand buildings and bridges and mountains and oceans give the illusion of permanence, but the sobering truth is that all things are impermanent. That's why you'll celebrate tonight.

GEMINI (May 21-June 21). As much as you enjoy the kinship of others, you do not wish to trade nebulous group-think for focused independent thought. Without arguing a point, you'll nonetheless quietly disagree.

CANCER (June 22-July 22). Though the care your crew needs most right now is emotional in nature, you can deliver it in material ways. For instance, cooking is a fine way to show you love someone.

LEO (July 23-Aug. 22). You may feel like you took a wrong turn and are now heading down the interstate in the direction opposite of the way you wanted to go, no exit in sight. Stay calm and know that this way leads somewhere good, too.

VIRGO (Aug. 23-Sept. 22). It's like the physical laws of inertia have been altered just to favor you, and now any small gestures will propel you forward. As long as you don't dig in your heels, you'll shoot ahead.

LIBRA (Sept. 23-Oct. 23). Decisions about love, family and even nutrition will all impact your finances. Research and review your other responsibilities before you take out your wallet. And don't buy what you could possibly borrow.

SCORPIO (Oct. 24-Nov. 21). Most people are talking too much under these chatty astral influences, but you have a success secret. To be understood, be brief. You're mighty convincing with a few well-chosen words.

SAGITTARIUS (Nov. 22-Dec. 21). Getting too enmeshed in one culture makes people wary or even prejudiced against other cultures. This is one reason you welcome and celebrate diversity. Another reason is that you're a curious person.

CAPRICORN (Dec. 22-Jan. 19). To encourage you further along yesterday's theme: Have confidence. Don't entertain doubt -- it casts insidious shadows that make a dark mess out of what would otherwise be an idyllic picture.

AQUARIUS (Jan. 20-Feb. 18). You've been fed a story that's obviously not true. Don't let the fact that so many people believe it make you complacent about checking the facts. You don't have to take them all on in order to make your own decision.

PISCES (Feb. 19-March 20). It doesn't matter whether or not you can paint or write poetry or play the piano. If you can find greatness in the inconspicuous and overlooked details, you truly are an artist.

TODAY'S BIRTHDAY (May 30). You're the one with the big ideas -- and the small ideas, the good ones and some of the bad ones, too. The point is that this year you're overflowing with inspiration. Next month, you'll change how a business or household is run. Love enhances your leisure and inspires your work in July. Commitments are shared in September. Virgo and Pisces people adore you. Your lucky numbers are: 19, 4, 34, 1 and 28.
