HOROSCOPES

SATURDAY, JUNE 13, 2015

ARIES (March 21-April 19). Putting it off until later will only compound the problem. Make this your mantra: "Do it now!" For bonus points, you might add: "Before someone else does it."

TAURUS (April 20-May 20). Do you want control? Do you want to feel you have control? Those are two different things, but what they have in common is that they are both mostly illusions today.

GEMINI (May 21-June 21). When you try to make a difference, you get the same rush of satisfaction as when you actually do make a difference. So why not just try? That's the cosmic lesson of the day.

CANCER (June 22-July 22). Sweat and breathe heavy. Make your physical fitness a top priority. This will be purifying. You'll feel like a new person afterward. Lucky exercise partners are Pisces and Virgo.

LEO (July 23-Aug. 22). You are easy to talk to, and you'll make friends whenever you reach out. If you're in sales (And, on some level, who isn't?), this will be the day you cash in.

VIRGO (Aug. 23-Sept. 22). It may be impossible to understand where a loved one is coming from, but don't give up. Answers will come. Be patient. In the meantime, take care of you.

LIBRA (Sept. 23-Oct. 23). Stay focused on the realm of "now" instead of worrying about the realm of "then." News media and stories from friends could cause a vague sense of dread. Who needs it?

SCORPIO (Oct. 24-Nov. 21). The manual work is a mixed blessing now. While folding clothes or sweeping the floor, your mind will work on the more perplexing tasks. You could solve it all with one load of laundry.

SAGITTARIUS (Nov. 22-Dec. 21). The more energy you pour into a relationship the stronger the bond. This is not always the case, but you're lucky enough to be in a mutually satisfying relationship. Of course, you created a lot of that luck.

CAPRICORN (Dec. 22-Jan. 19). The challenge is bigger than you are. That's the kind you like the best. You're not one to let opportunities slip by when you could be rising to the occasion.

AQUARIUS (Jan. 20-Feb. 18). You would push the "easy" button on your life if you could. You're still searching for it, though. It has something to do with repeating a successful action 100 times.

PISCES (Feb. 19-March 20). You don't think of yourself as having more creativity than others, but that's not the point. It's the kind of creativity you have that makes you special. Your "art" will surprise people.

TODAY'S BIRTHDAY (June 13). A minor adventure will lead to a more substantial journey in the weeks to come. Your stellar attitude will make it so. You'll recognize a juicy opportunity in July and make the most of it. Street smarts, practicality and financial savvy will help you turn a profit in September. Aries and Virgo people adore you. Your lucky numbers are: 4, 11, 20, 45 and 16.
