ARIES (March 21-April 19). Lately you've gotten so used to being there for another person that you automatically show up and do what this person wants. Consequently, you have lost touch with what you want.

TAURUS (April 20-May 20). What's the last dream you can remember? Its significance crosses many layers of consciousness and offers insight to your current life. Before you go to bed tonight, make an intention of remembering tonight's dream.

GEMINI (May 21-June 21). It's important that you connect with old friends. They remind you of who you were and teach you who you want to be. Make arrangements. There are many who want to see you again.

CANCER (June 22-July 22). Because there is so much misinformation out there today, people you trust could accidentally lead you astray. Do your own research. A skeptical mind isn't necessarily a negative mind.

LEO (July 23-Aug. 22). Those younger than you have things that weren't available to you growing up. You'll benefit from letting them teach you or from merely watching how they manage life's problems.

VIRGO (Aug. 23-Sept. 22). Seize the chance to compete, because competition will bring out your best. Also, your high level of sportsmanship will bring out the best in your opponents. You'll be good for the game.

LIBRA (Sept. 23-Oct. 23). You'll be taking and giving recommendations. Maintain reasonable expectations. What works for other people won't necessarily work for you, and what works for you won't necessarily work for others.

SCORPIO (Oct. 24-Nov. 21). When your mind doesn't have clarity, there's another part of your body that does. Maybe it's your heart. If not your heart, your feet. Let them lead you to where you'll get peace.

SAGITTARIUS (Nov. 22-Dec. 21). In your current adventurous mindset, you're not necessarily seeking security. Nonetheless, there's someone in your life who loves you like a rock. You'll take some comfort in this now.

CAPRICORN (Dec. 22-Jan. 19). Someone wants to connect with you but is not yet conscious of the real reason why. Therefore, the excuse to get together sounds completely contrived. That doesn't mean it won't be fun.

AQUARIUS (Jan. 20-Feb. 18). The name you give to things matters. Choose names to empower you or to make you feel playful or to create wonder. Give people a mystery, and they'll give you their curiosity.

PISCES (Feb. 19-March 20). There will be time to learn more about your interest, to really get inside it. Passion grows with knowledge. The more you understand it the more it becomes a part of you.

TODAY'S BIRTHDAY (June 24). Your focus on one thing will change your whole life. With laser vision on the goal, every week you'll get stronger, smarter, and more efficient and productive until you become a master. Pare down, save money and lose baggage over the next two months so you'll be ready for a September opportunity. Singles find love in October. Aries and Libra people adore you. Your lucky numbers are: 16, 42, 28, 11 and 34.
