HOROSCOPES

—By Holiday—

THURSDAY, JULY 16, 2015

ARIES (March 21-April 19). Just because a thing is healthy, beautiful and helpful doesn't mean you like it. And the fact that you can like a thing and still find it ugly is further proof that you don't have control over what you like.

TAURUS (April 20-May 20). Enlarge your circle. You're a walking, talking business card if you want to be, and that's not a bad thing, because your business is so interesting and/or helpful to others.

GEMINI (May 21-June 21). You feel quite naturally drawn to planning the day, setting daily goals, scheduling appointments and prioritizing activities. Like it or not, this makes you the leader.

CANCER (June 22-July 22). Are you getting the impression that someone just wants your attention, in whatever form that attention may come? Well, you're right. Give kindly and early to avoid negative consequences.

LEO (July 23-Aug. 22). At first, babies cry each time they are left alone. Over time, they learn that someone is likely to return -- the natural pattern is for people to leave and come back. Don't worry. The person you miss will come back.

VIRGO (Aug. 23-Sept. 22). If you can make the most of the present without injuring the future, you have hit the sweet spot of moderation that many find so difficult to strike. Give yourself credit.

LIBRA (Sept. 23-Oct. 23). Your efforts to rein in your spending may include influencing your loved ones to stay within the limits of an agreed-upon plan. "I'm living so far beyond my income that we may almost be said to be living apart." -- ee cummings

SCORPIO (Oct. 24-Nov. 21). Your glee comes from being in a position to make choices from a few juicy options. This feeling of being in control may be based on illusion, but it's a dreamy, lovely illusion, so why not stay in it for a few days?

SAGITTARIUS (Nov. 22-Dec. 21). There are more psychic people in your life than you know. Today will bring proof in the form of synchronized phone calls, chance meetings and uncanny events.

CAPRICORN (Dec. 22-Jan. 19). Most people feel like the good guy in the story of their lives. It takes a very strong person to objectively decide the generosity and rightness of their choices.

AQUARIUS (Jan. 20-Feb. 18). A busy mind and a busy social schedule don't go together. Clear one or the other. To be socially aware, you must be calm and present to your environment and the people therein.

PISCES (Feb. 19-March 20). It would be tidy and convenient for every story to have a moral, and yet much of today's action will be so rambling and random that it will be hard to extrapolate one. Maybe the moral is just to take it moment by moment.

TODAY'S BIRTHDAY (July 16). Your connection with loved ones is an invisible cord, transcending time and space as it entwines your souls. A change of location will be lucky financially and otherwise in August. October will bring a windfall. Your success secret for the start of 2016 is to focus on what's going right, instead of trying to fix what's wrong. Taurus and Scorpio people adore you. Your lucky numbers are: 3, 20, 32, 25 and 16.
