HOROSCOPES

By Holiday

FRIDAY, AUGUST 21, 2015

ARIES (March 21-April 19). Beyond good and evil, there is love. The decisions made from love can seem complicated -- not as cut and dried as the moral code written in books. The heart deciphers its own moral code.

TAURUS (April 20-May 20). You will follow your intellect to whatever conclusion it leads you instead of accepting the answer you are being fed by another. This is the way of great thinkers and truth seekers.

GEMINI (May 21-June 21). You know what you like, even before the logical arguments have been made. You're working from the gut today and will get more information in the blink of an eye than you would in a lengthy dissertation.

CANCER (June 22-July 22). No relationship is entirely wine and roses, but you'll experience more than your fair share of movie-worthy moments in the coming weeks -- so many that you may even dare to plan some work and/or travel with a loved one now.

LEO (July 23-Aug. 22). Shakespeare penned, "We have some salt of our youth in us." It's that salt that has you reacting to someone as though you were much younger than you are. Or maybe you're just meeting that person at his or her level.

VIRGO (Aug. 23-Sept. 22). There have been times when it's been difficult to meld the new with the known people in your life, but right now new friends will fit nicely into the puzzle of your personal life and will connect you to exciting options for love and work.

LIBRA (Sept. 23-Oct. 23). The gatekeepers are just doing their job. If they could let everyone in, what would be the point of having a gate? Anyway, you're in the perfect place and will get inside at the ideal time when you are completely ready.

SCORPIO (Oct. 24-Nov. 21). Keep going on your project, even if you can only spend 10 minutes on it here and there. Ten minutes here and there will add up to significant progress.

SAGITTARIUS (Nov. 22-Dec. 21). The general cries, "Forward!" and that's the direction the army marches. If it's not happening that way when you cry "forward," maybe you're not the general of this army. Find your army.

CAPRICORN (Dec. 22-Jan. 19). You could totally win the argument with that aggressive person you know, and yet winning would bring no satisfaction or purpose. Therefore, avoid. Your energy is best spent elsewhere.

AQUARIUS (Jan. 20-Feb. 18). Whatever you're in the market for, true shopping wisdom comes after you've left the sales floor for a while. It's hard to listen to your inside voice when someone else's outside voice is booming in your ear.

PISCES (Feb. 19-March 20). Of course you can't stop yourself from thinking a thought by focusing on not thinking it. Distraction, new focus, a different environment -- all of it will work to stop your worries today.

TODAY'S BIRTHDAY (Aug. 21). You'll invent and reinvent this year. One of your past creations will be used in a new way, and you'll make more money this time around. October business ventures introduce greater opportunities for romance and excitement. In November, you'll realize what a good job you did in choosing your inner circle. Pisces and Scorpio people adore you. Your lucky numbers are: 30, 44, 24, 32 and 19.
