ARIES (March 21-April 19). So, you don't have all the money in the world - but what if you did? It's not only fun to think of fantastic ways to live larger than your budget, but it's also the start of your next creative journey.

TAURUS (April 20-May 20). The confidence that comes from favorable attention is fleeting. Externally based, it relies on uncontrollable circumstances. You'll earn true and unshakable confidence by doing the work you set out to do.

GEMINI (May 21-June 21). You're self-directed. The proof is in your current location. You wouldn't have gotten there had you not pushed through with extraordinary will even when you couldn't see the way.

CANCER (June 22-July 22). You don't even know the meaning of the word "downtime" right now. You may even find yourself getting irritated at those with the luxury of leisure. Hang in there. Your break is coming.

LEO (July 23-Aug. 22). Some of the people you don't think of as competitors have secretly cast themselves in the role. How will you know? Well, for starters, those who aren't threatened by your gifts will encourage you to demonstrate them.

VIRGO (Aug. 23-Sept. 22). Once you get behind a cause, you'll do everything in your power to raise awareness, money and enthusiasm for it. That's why you wisely do what's necessary to figure out which cause is worthy of you.

LIBRA (Sept. 23-Oct. 23). This is the kind of day when you want to get lost, but you can't seem to find "nowhere" on your GPS. Somewhere in the rub between the logical world and your fantasy life, you'll find beauty.

SCORPIO (Oct. 24-Nov. 21). You were born with psychic X-ray vision. People need to wear lead vests around you if they don't want you to see right through them. This is an excellent day to work that talent.

SAGITTARIUS (Nov. 22-Dec. 21). Strange little glitches in the beginning of a relationship should not be looked at as isolated cases, no matter how attractive the other person may be. A pattern is being established.

CAPRICORN (Dec. 22-Jan. 19). What if you loved everyone at first sight? That's a stretch. But you at least make an effort to find something to like about people right off the bat, and that's your popularity secret today.

AQUARIUS (Jan. 20-Feb. 18). If you're still not meeting your marks, maybe it's not you. Maybe it's the goal. Maybe it's just not juicy enough to motivate, seduce and persuade you through the low points. Dream juicier.

PISCES (Feb. 19-March 20). Your goal must be interesting enough to persuade and seduce you even when you've lost energy, momentum and funding. It must be able to pull you through the lows. Keep dreaming until you hit on something really juicy.

TODAY'S BIRTHDAY (Sept. 30). The muses call to you this year. With the artistic inspiration pumping, you could take up painting, dance, design ... or have the ultimate artistic breakthrough while reinventing that glorious work in progress: you. November brings family additions. Good reviews turn into revenue sources in February. Capricorn and Scorpio people adore you. Your lucky numbers are: 50, 14, 29, 5 and 17.
