ARIES (March 21-April 19). Things run their course. Be fine with the ending, and embrace the new beginning. This will involve accepting your own definition of "success" instead of some generic definition imposed by people who don't know you.
TAURUS (April 20-May 20). You'll like operating in a group. It reminds you that you're powerful but not all-powerful. Therefore, when it goes right, there are others to credit. When it goes wrong, the fault should be shared.
GEMINI (May 21-June 21). Until you come up against an equal and opposite force, you won't know your own strength. That's why you welcome competition and adversity, too, for that matter. You'll get a little of each today.
CANCER (June 22-July 22). It's not a time for counseling yourself, as you're unlikely to listen. Talk to a mentor or a potential mentor. You need quality leadership from someone on the outside.
LEO (July 23-Aug. 22). You might be astounded at how your train of thought can jump the track. You have every right to change your mind. One minute you might want to give someone the key to your heart; the next, you might want to change the lock.
VIRGO (Aug. 23-Sept. 22). Feeling guilty isn't necessarily a bad thing. It proves you have a strong moral compass. But there's a lot you blame yourself for that simply isn't and never was your fault. Can you let it go now?
LIBRA (Sept. 23-Oct. 23). Once upon a time, you wanted something badly and didn't get it. An updated version of this want still remains. You're going about it much differently these days. The wish is only hours from being fulfilled.
SCORPIO (Oct. 24-Nov. 21). Someone believes in you. Knowing that this person is expecting big things, you will deliver even more than you thought you could. This is done by building on each gain.
SAGITTARIUS (Nov. 22-Dec. 21). Your loved ones dominate your schedule in delightful and not so delightful ways. Stay aware. You need time to yourself, and you'll only get it by laying down some boundaries.
CAPRICORN (Dec. 22-Jan. 19). The myth needs dispelling if the truth is to come out. Doubt, question, poke around. Anyone who doesn't want you to do this has something to hide.
AQUARIUS (Jan. 20-Feb. 18). Many of the thoughts that cross your mind did not originate there. Your cosmic gift of the day is an improved ability to monitor your thoughts, as well as to develop a train of thought you'll enjoy traveling inside.
PISCES (Feb. 19-March 20). Life is moving so fast for you these days that it's difficult for you to keep up with all of your relationships. It helps when you can check in quickly and without a lot of guilt! You appreciate your lighter friendships today.
TODAY'S BIRTHDAY (Oct. 28). When it comes to business, you're no-nonsense with killer instincts. However, it's the kindness and compassion you extend that will start a cycle of good karma that resonates on and on in ever-widening ripples. January opens a colorful social arena. You'll get creative in solving family problems in February. Aries and Gemini people adore you. Your lucky numbers are: 10, 4, 19, 27 and 1.
