By Holiday

HURSDAY, OCTOBER 29, 2015

ARIES (March 21-April 19). You may notice that people tell you much more than they would reveal to others. They'll let loose of hidden truths, memories lodged deep in the heart, long-forgotter stories. It's like they've been waiting for you.

TAURUS (April 20-May 20). You know how unique and special you are and don't need anyone to point this out. Today it will be easier for you to see the commonalities you share with others than it will be for you to see the differences

GEMINI (May 21-June 21). First impressions last, and right now it's better if people receive you with gentle warmth. That's why it's better to steer clear of controversial subject matter and stick to mildly upbeat topics.

CANCER (June 22-July 22). Your brain sometimes tricks you into thinking WAY more than is necessary for the task at hand. This causes interference. Physical exertion will help calm down the overactive parts of your mind, leading to improved performance.

LEO (July 23-Aug. 22). Shared grief is half the sorrow, but happiness, when shared, is doubled. You'll be the recipient of a similarly auspicious sort of cosmic math. Set your own logic aside to nake room for a little magic.

VIRGO (Aug. 23-Sept. 22). Loneliness isn't a function of who is around; it's a function of how connected you feel to them. With this n mind, reach out. Make more bridges! There are so many gaps

LIBRA (Sept. 23-Oct. 23). Once your mind becomes convinced of something, it can be very difficult to change it. That doesn't make the thing you are convinced of any more correct. It's good that you're slow to come to a conclusion today.

SCORPIO (Oct. 24-Nov. 21). You already know how necessary

your role is, and you have tangible evidence of how effectively you play it. While you don't need an award to validate your work, it sure vill feel nice when you get one! SAGITTARIUS (Nov. 22-Dec. 21). Your current endeavor is of

utmost importance. Your vision is the single driving force of this While a vision is not all that you'll need, it has real power to bring together the other elements.

CAPRICORN (Dec. 22-Jan. 19). The evils of the world don't need any more attention. Distract yourself from the negativity that you can't do anything about. Create your own bubble of safety AQUARIUS (Jan. 20-Feb. 18). Exciting and spontaneous people attract you -- probably because you also have these qualities

though perhaps you have lost track of them lately. You'll love the PISCES (Feb. 19-March 20). The attitude of optimism you learned as a child will color your world. Try to soar beyond the level of optimism you were taught. Belief makes things real.

TODAY'S BIRTHDAY (Oct. 29). Romance unfolds organically, and you'll love the pleasant rhythm of your personal life from now through the end of the year. Next year will take more conscious Tap into your creativity to build supportive relationships You'll need them as you tackle a fantastically rewarding challenge in March. Libra and Sagittarius people adore you. Your lucky num bers are: 18, 3, 38, 26 and 42.
