ARIES (March 21-April 19). Small children become the person they want to be through imitation and assimilation. You'll do the same in a more subtle fashion, adopting mannerisms and habits similar to the one you aspire to be like.

TAURUS (April 20-May 20). Beware: The real aims may be terribly different from the declared aims. If you know which is which you will be ahead of the game. Indeed, you may win it all in the

GEMINI (May 21-June 21). Exercise will get your vitality up for the tasks of the day, though you should know that strength alone won't prepare you for what's ahead. You'll need mental suppleness and

lexibility for these challenges. CANCER (June 22-July 22). If you think that you can do it alone, try. A short stint will be all it takes for you to realize that this is

unwise, if it's even possible. For better or worse, grand plans will be pulled off by committee today

LEO (July 23-Aug. 22). There's more pressure than you would like, but mostly you put it on yourself. To make this pressure go away, all you have to do is make a far less demanding agreement

VIRGO (Aug. 23-Sept. 22). There's a simple reason you'll get what you're after today, and that reason is that you feel like you deserve it. You're worthy. Whether directly or indirectly, you've put in the

LIBRA (Sept. 23-Oct. 23). The world doesn't seem to be consider ing your feelings, but as long as you're considering them, you'll be fine. Honor your emotions and accept them, even when it's not how you think you should feel.

SCORPIO (Oct. 24-Nov. 21). Remember when you felt shy around a certain person? Now you're so free you'll do just about whatever comes to mind. This is the reason you'll laugh so much togeth-

SAGITTARIUS (Nov. 22-Dec. 21). To better your fortunes, seek opponents and allies that help you to be your best. If you're have ing trouble playing nice it might be a sign that you are playing with the wrong mates.

CAPRICORN (Dec. 22-Jan. 19). There is no easy route today. The break only comes after much toil and sweat, which is not the hard part. Putting up with others without rolling your eyes is the hard

AQUARIUS (Jan. 20-Feb. 18). You'll assess your current chance: of making something happen. Sure, there are things you could change that would better your odds. Still, don't be too critical of

PISCES (Feb. 19-March 20). Everyone needs a cheerleader, a kindred soul to root for you regardless of the odds, to cheer for you whether or not you are winning. Cherish the one who keeps you from losing heart.

TODAY'S BIRTHDAY (Nov. 4). In the same way that a full cup must be carried steadily, your full life must be handled with deli cate balance over the next six weeks. Year-end brings a wonder ful break. Responsibilities change. Your creative process applied to relationships and the most mundane aspects of life will lead to pure gold. Capricorn and Pisces adore you. Your lucky numbers are: 3, 2, 22, 11 and 16.
