HOROSCOPES
 By Holiday

WEDNESDAY, DECEMBER 23, 2015

ARIES (March 21-April 19). Something you thought you were through with still holds an electric charge. Maybe you're not as "over it" as you thought, but you're getting there. Wrap your head around it once more, and once more let it go.

TAURUS (April 20-May 20). Try not to confuse attachment with connection. Connection is mostly love. Attachment is mostly fear. Connection is magnetic. Attachment adheres by grasping.

GEMINI (May 21-June 21). There's much to appreciate in a special relationship. For starters, you are somehow each able to grow in a direction that feels personally fulfilling without growing apart from one another.

CANCER (June 22-July 22). People-watching will be a source of entertainment and education for you. You've a talent for making accurate observations. You'll be able to apply this to your own life, too.

LEO (July 23-Aug. 22). Sometimes you do wonder if you could be more content in a slightly different scenario than the one you're living out now. You'll get a peek into a world that makes you imagine different futures.

VIRGO (Aug. 23-Sept. 22). Time constraints bring stress and frustration. Do what you can to eliminate or ease them wherever possible. It's a good time to consciously decide to be socially flexible and generally easygoing.

LIBRA (Sept. 23-Oct. 23). Winston Churchill suggested, "The empires of the future are the empires of the mind." You are leaning toward a less materialistic definition of success these days.

SCORPIO (Oct. 24-Nov. 21). You'll attract people who are spiritual like you. They may not share your religion (or lack of one) and they may not share your belief system, but they stargaze, just like you, in awe of something bigger.

SAGITTARIUS (Nov. 22-Dec. 21). The happy thoughts have energy. The unhappy thoughts, unfortunately, have more. Who notices them? That person is an empathetic soul who will make your life better.

CAPRICORN (Dec. 22-Jan. 19). How you landed in your particular support circle is a story of the coming together of thousands of small decisions, circumstances and impulses. Today you'll just be glad for the way things panned out.

AQUARIUS (Jan. 20-Feb. 18). Conversation is inevitable. Be forewarned, this will only be as interesting as the questions you ask. Your best partners in this are Gemini, Libra and other Aquarians.

PISCES (Feb. 19-March 20). Being able to process difficult feelings is a skill that you were born with. That doesn't mean you can't improve upon the gift. Don't avoid or procrastinate the thing you know you need to experience.

TODAY'S BIRTHDAY (Dec. 23). The world is better because you were born, and this year you'll spend your energy and time proving that point. What you'll do with your psychic inheritance will be completely interesting to others and logical to you. February and August will be especially notable on the love-front. The main message: Don't hold back! Libra and Leo adore you. Your lucky numbers are: 49, 2, 25, 38 and 11.
