GIVING OPPORTUNITIES

We have two annual fundraisers:

- Mayfest, which includes a 5K walk/run and family-oriented activities and raffles.
- A golf tournament in August.

We love to get community support through participation in those events. Many individuals and churches support us monthly as well. Checks can be mailed or dropped off at the office. Money can also be donated through a secure online giving page. Our giving page can be accessed from our donor websites.

VOLUNTEER

We love to work with volunteers and have a variety of opportunities for people to help out. Some volunteers like to spend time in the office answering the phone, making copies, and organizing the material assistance boutique. Others like to help with our specific fundraising events or coordinate people at their church to support our ministry.

Mission:

Pregnancy Care Services nurtures those experiencing an unexpected or unplanned pregnancy. PCS promotes abstinence before marriage, and models God's love and care after an abortion or miscarriage.

Vision:

PCS seeks to glorify God and to affirm the sanctity of human life by preserving the lives of all preborn babies, eliminating the desire and/or the perceived need for abortion, promoting sexual integrity through education, and by meeting the spiritual, emotional and physical needs of anyone affected by unplanned pregnancy.
