HOROSCOPES
By Holiday

TUESDAY, JANUARY 5, 2016

ARIES (March 21-April 19). If your entire identity is based on your success in one area of life, you're lessening your chances of having a great day. What else do you have going on with high-five potential? Add new projects and activities to the list.

TAURUS (April 20-May 20). The dating world is a complicated place. It's a good thing your natural instincts kick in to help you navigate it either for yourself or your loved ones. If you give advice, it will be brilliant. If you take advice, take your own.

GEMINI (May 21-June 21). Laughing is what helps you make it through. Don't wait until you're feeing bad to look for the funny. Stock up so you're ready when the weird days hit. Today will bring comic treasures.

CANCER (June 22-July 22). You've become what you once envied and, strangely, that fact alone brings little satisfaction. It was the way it pushed you to grow that really mattered all along. Don't let that stop you from envying something new.

LEO (July 23-Aug. 22). It's a simple fact of human nature: Nobody likes things being crammed down their throat. You're adept in the art of persuasion today, which will include leading by example so you don't have to launch into the hard sell.

VIRGO (Aug. 23-Sept. 22). Regarding the sort of change that happens today: Give it time to sink in. Let it ruminate for a few days. Don't go immediately back to what you're familiar with. Live in the transition.

LIBRA (Sept. 23-Oct. 23). Some secret thing is distracting you -- it's hiding right below the surface of your awareness and nudging you softly. It wants to be uncovered. All you have to do is ask yourself a few questions and you'll figure out this little puzzle.

SCORPIO (Oct. 24-Nov. 21). From Penicillin to Velcro, many important and useful discoveries were made by chance instead of contemplation. However, when you contemplate, chance will favor you.

SAGITTARIUS (Nov. 22-Dec. 21). It's not that you're unhappy with the way things are. You just happen to be fascinated by the potential of things. It's how your mind is working today, leaping into an imaginary future and carrying reality along with it.

CAPRICORN (Dec. 22-Jan. 19). If you feel slightly tense walking into the room it's only because you have an agenda beyond what others in the room have. Relax into the prevalent mood and it will be easier to get this agenda across.

AQUARIUS (Jan. 20-Feb. 18). Do you really make the world better by following your bliss? Of course! Though you should be warned: These days it will take a lot more courage and planning to devote yourself to your own enjoyment.

PISCES (Feb. 19-March 20). You're excellent at drawing boundaries now. You're so clear on what you will and won't do that you can say it fast and with a light touch, getting the message across instantaneously.

TODAY'S BIRTHDAY (Jan. 5). Your heart is elastic and boundless. There are many who will need your love. Don't worry about whether you know enough to get started on the exciting project of the next 10 weeks. Travel in March will feed your soul. This will be a fast-mutating endeavor, and you just need to get involved and take your part of the May prize! Gemini and Taurus adore you. Your lucky numbers are: 4, 16, 29, 33 and 40.
