**HOROSCOPES**  
 By Holiday

THURSDAY, JANUARY 7, 2016

**ARIES** (March 21-April 19). People make mistakes; they suffer and often try to change. That usually makes for a better human. You don't have to watch out for the ones who make mistakes. You have to watch out for the ones who don't try to change.

**TAURUS** (April 20-May 20). It's lucky when you're able to shop around and/or try the beta version, but you'll never know until you get your hands on the real thing. This is your day for diving into it.

**GEMINI** (May 21-June 21). Did your heart just go flutter, or was that just a pleasant passing interest you experienced? It's too soon to tell, really, but your attractions are certainly worth investigating.

**CANCER** (June 22-July 22). Here you go again, putting yourself in challenging environments that make you feel small. If this isn't brilliant and brave, nothing is. You'll rise and surprise yourself. (By now maybe you shouldn't be so surprised!)

**LEO** (July 23-Aug. 22). You love to be adored, but you do not like to feel like you belong to anyone. They may ask for information, explanation or detail, but you don't owe it to them. Maintain your autonomy.

**VIRGO** (Aug. 23-Sept. 22). There are plenty of influential people who never lived: Sherlock Holmes, Cinderella, James Bond. And then there's that character you've been toying with in your mind, a kind of alter ego who does the things you would love to do.

**LIBRA** (Sept. 23-Oct. 23). Some people are just earnest, plain and simple. You love that quality and it's becoming rarer and rarer these days. You'll relate to such a person, and the honesty you share will refresh your spirit.

**SCORPIO** (Oct. 24-Nov. 21). You want to be bold, but it's hard when you're not sure of the scale you're dealing with. Are these monsters or mice, lions or kittens? Talk to your mentor. And if you don't have one, isn't it about time you get one?

**SAGITTARIUS** (Nov. 22-Dec. 21). You focus well -- so well, in fact, that you could start to obsess in a way you're not sure is healthy. Well, it's not the first time, and some good may come of it. Let a Capricorn or Gemini distract you so you can get perspective.

**CAPRICORN** (Dec. 22-Jan. 19). The attraction secret you embody is so obvious, (SET ITAL) why doesn't everyone know it? (END ITAL) When you make someone feel smart, beautiful or interesting that person will keep coming back to you for more sunshine.

**AQUARIUS** (Jan. 20-Feb. 18). Love is: wanting the other person to have fun, joy and happiness even if you don't get to be a part of it. That's difficult. It takes maturity. You may still be debating whether you want to be this selfless, and that's fine, too.

**PISCES** (Feb. 19-March 20). You have every right to go where you want to be and vanish into thin air when you don't want to be there anymore. Sure, there are rules, expectations, etc. Just remember your freedoms, and you'll feel better about everything.

**TODAY'S BIRTHDAY** (Jan. 7). You'll never know how much you truly mean to someone and yet you'll enjoy the big displays of affection and attention that come to you this year. New professional doors will open in March. The needs of your family will coincide wonderfully with a June opportunity. Try to see more of the world in August. Aquarius and Aries adore you. Your lucky numbers are: 9, 15, 42, 27 and 6.
