HOROSCOPES

TUESDAY, JANUARY 12, 2016
ARIES (March 21-April 19). Resist the urge to impress strangers. Who knows if you'll ever see those people again? You'll never regret spending the best of your energy making a stellar impression on those closest to you.
TAURUS (April 20-May 20). Nature is efficient. You were made with the sensors to tell you exactly what not to do. Pain equals "stop right now." Trust the equation and be very skeptical of anyone who tries to convince you otherwise.
GEMINI (May 21-June 21). You'll be making a presentation. While it will be important to come off as relevant to the times, your humanity is what will shine through. Warmth and softness will trump the clean, shiny cold of the cutting edge.
CANCER (June 22-July 22). Because your senses are ready to take it all in, the day will be peppered with big feelings, inconsequential inventions, nuanced moods, surprises and excitements. What more could you want?
LEO (July 23-Aug. 22). When you look objectively at your life, how much of it can you trace back to a dream of the way you wanted it to be? It's something to think about as you construct today's brand new dreams.
VIRGO (Aug. 23-Sept. 22). Those around you should know better by now than to question your seemingly idiosyncratic ways. There is always a method to your madness, and if you had to stop and explain at every juncture, you wouldn't get half as much done.
LIBRA (Sept. 23-Oct. 23). You have the sneaking suspicion that you can do better, and you'll devote your energy to improving. You would rather be around the people who compel your strength than the people who agree to your status quo.
SCORPIO (Oct. 24-Nov. 21). Considering how your imagination is running today, it will be important that you make an extra effort to see people the way they are and not the way you wish (or long) for them to be.
SAGITTARIUS (Nov. 22-Dec. 21). You have a decision to make. Take a risk and you'll set a plot in motion. If you don't take the risk, the plot will continue in the pattern that has already been established.
CAPRICORN (Dec. 22-Jan. 19). Something that has become very personal to you will become meaningful to others, too, if you share in the right way. Your plight is more universal than you know.
AQUARIUS (Jan. 20-Feb. 18). They'll want to know your experience, but somehow it can't be told in a few words. You don't want the feeling to be reduced by over-simplification. Maybe this is best kept in your heart.
PISCES (Feb. 19-March 20). So, you weren't expecting much? That was smart. You set yourself up for a pleasant surprise. You're going to appreciate what the others bring to the table today.
TODAY'S BIRTHDAY (Jan. 12). People tend to associate warm, fuzzy, wonderful feelings with falling in love, but the actual experience is often far less cozy. The nature of "falling" is anticipation and fear. You make all of this work for you this year as you tumble for people, places and situations. Truly, this year will be an adventure. Taurus and Scorpio adore you. Your lucky numbers are: 4, 19, 33, 38 and 5.
