HOROSCOPES

FRIDAY, JANUARY 15, 2016 ARIES (March 21-April 19). While it may be easier to get angry than it is to work out a solution, there is little to be gained from losing control. Remove yourself from the situation to think it through. A walk around the block will produce brilliance.

TAURUS (April 20-May 20). Part of the "homework" you need to do will involve getting a second (and third and fourth and seventh) opinion. Your keen mind will sort through this data and home in on the golden ticket.

GEMINI (May 21-June 21). Before you get counting that admired someone among the glorious, consider where the person came from and how he or she got to the current position. You're glorious in your own way, too, you know.

CANCER (June 22-July 22). If you have to give up a little money and some of your time to make a partner happy, it will be worth it. What's even harder may be the part where you have to compromise on a preference. You're up to this!

LEO (July 23-Aug. 22). At times there is simply nothing left to do but give an ultimatum. These times are few and far between and, however dramatic today's circumstances may seem, this is not one of them.

VIRGO (Aug. 23-Sept. 22). Dish out compliments -- to your friends, to strangers, your boss, your loved ones, etc. Everyone could use your brand of ego-inflation. Even people you think would be above flattery will eat yours up.

LIBRA (Sept. 23-Oct. 23). What used to seem romantic may now get on your nerves; such is the bane of familiarity. The answer is to go off in separate directions for a while and gather new influences so you'll be mentally fresh again when you reunite.

SCORPIO (Oct. 24-Nov. 21). When you can't change the way things are, you may still be able to change how you experience the way things are. Detachment is the key. This will be made much easier by today's delicious distraction.

SAGITTARIUS (Nov. 22-Dec. 21). Those moments when you first wake up and right before you fall asleep are potent. Don't waste this power concentrating on responsibilities and worries. Use it to project your love and envision your happy future.

CAPRICORN (Dec. 22-Jan. 19). You have enormous respect and gratitude for the one who will overlook your flaws, excuse your mistakes and generally try to see and bring out the best in you at every juncture.

AQUARIUS (Jan. 20-Feb. 18). Though you may have been completely convicted in a certain belief yesterday, this is a new day with fresh evidence, different challenges and a unique set of circumstances.

PISCES (Feb. 19-March 20). It's time for you to assume leadership. If you followed the protocol it would only cause hesitation, doubt and confusion. Instead, swoop in and start handling things. Act, delegate, decide.

TODAY'S BIRTHDAY (Jan. 15). One declaration having to do with who you are (or want to be) will make all of the difference in where you arrive this year. Small improvements will have outsized effects on your love life in February. In March, the trust and rapport you generate in your relationships will lead to professional advancement and financial gain. Leo and Pisces adore you. Your lucky numbers are: 5, 35, 41, 19 and 43.
