HOROSCOPES
By Holiday

WEDNESDAY, JANUARY 20, 2016

ARIES (March 21-April 19). Your feelings matter to someone but not to everyone. So when they do exactly as they please, regardless of how you might feel about it, you'll waste no time lamenting and instead will focus on planning your next power move.

TAURUS (April 20-May 20). You are in a quiet mood, but that won't keep you from drawing attention. In fact, there will be great deal of intrigue surrounding your silence. Think about what you're trying to say with it.

GEMINI (May 21-June 21). Just as soon as you declare the thing you are certain of, you will cease to be so. That only proves that you're open-minded and you're growing. Your association with a Capricorn will heal you both.

CANCER (June 22-July 22). While others strive for a prize, you crave the sensation of winning and need no other incentive to try your hardest and work your best. Because of this, you'll get the prize and more.

LEO (July 23-Aug. 22). You'll be partnering up. The kindhearted, fun partner will be available, but think twice before you pick this one, as the task at hand may be better suited to a partner who could double as a bulldog.

VIRGO (Aug. 23-Sept. 22). The people who ask for help when they don't really need it are wearing out the potential donors to worthy causes. That bothers you, as will all instances of greed and self-centeredness around you. Be the example they can follow.

LIBRA (Sept. 23-Oct. 23). Recent (overly) exciting events could have you craving a drama-free existence. The part of you that thought this would be glamorous is starting to get wise. Seek the company of grounded people, including earth signs.

SCORPIO (Oct. 24-Nov. 21). The day will come on rapid fire and you can totally stay ahead of it -- that is, if you give up thinking (or at least over-thinking.) Yes, the intellect will only slow you down. Turn on the intuition and start surfing.

SAGITTARIUS (Nov. 22-Dec. 21). Are you feeling suddenly smarter, lighter, freer? That's because a problem you've been hanging on to in the very corner of your psyche is now a non-issue. It basically flew away.

CAPRICORN (Dec. 22-Jan. 19). Because you love so many people, there is a levity to your affection. You make it easy to enter and exit your presence, which makes them feel free and happy to visit you often.

AQUARIUS (Jan. 20-Feb. 18). You communicate with your presence. The thought you put into matters of presentation, including sartorial and environmental choices, will make a remarkable difference in the outcome.

PISCES (Feb. 19-March 20). While you may hit low pockets of sadness and less-than-optimum moods, there are others in your midst at the very nadir of their suffering. Hearing a small piece of someone else's troubles will free you from your own.

TODAY'S BIRTHDAY (Jan. 20). The practical efforts you make to feel more secure down deep in your soul will pay off handsomely throughout the year. In March, however, your main focus becomes more whimsical. It will be increasingly important to exercise your imagination, and then put money and time behind that. Confessions of love in May. Leo and Scorpio adore you. Your lucky numbers are: 2, 20, 44, 18 and 5.
