TWO T WHISKY ROYAL

WHITE WHISKEY

Notes: "Juice" is the kind of gelding every family needs. He is really broke, gentle, sound, safe, and really good looking! He does not need to be ridden every day. We rope both ends on him, head and heel, he is also an awesome ranch and trail horse. He doesn't want to do any more than he has to. 15.1 hands and 1200 lbs. Videos on Youtube under Randy Hull and Juice, or call 509-778-3467. Pen #67.

ADELE

GRADE * YEAR 2011 * GRADE BLACK MOLLY

Notes: They don't make mules like this every day. Gorgeous true black with four white socks. She travels great through the brush and across water and has been used in the mountains as well. She rides and packs! Fancy Fancy mule that is gentle and gets the job done in style. Don't miss out on this super nice Molly. Stall #2.

BLACKBURN SURPRISE

LITTLE POCO ANNIE

Notes: Ms Blackburn Chex is a solid 2D Barrel Horse and is always in the money. She knows her job and loves to do it. B.B. is patterned on all gaming events and cows, and is a fabulous trail/beach horse. She has been in 4-H and got a grand in show. This is a nice mare that anyone can sit on and ride. She has been the main riding horse for 5 year old son, but my 3 year old can get on her and she will walk the pattern. Stall #4.

LOT 4

Consignor: TAWNI HINCKLE, Rocester, WA

ALTO

GRADE * YEAR 2005 * BROWN APPENDIX GELDING

Notes: Big strong 16h, 10 year old bomb proof appendix gelding. Alto is a fabulous trail horse that goes up, through, down, and across anything. Nothing phases this guy. He has a great start on gaming and roping, but would also make a really good hunting mount, or even jumping. He has had to jump some pretty big logs out on the trail or on the beach and did wonderful. He loves attention and grooming. He is sound and current on all care. He has a couple quirks like all horses, but is really just a good horse to use for anything. Stall #5.
