HOROSCOPES By Holiday

FRIDAY, JANUARY 29, 2016
ARIES (March 21-April 19). Your ruling planet, Mars, is more than the planet of aggression, survival and war. He also governs the protection of resources, especially food. Today you'll do your part to set you and yours up for future bounty.
TAURUS (April 20-May 20). While the others are busy gabbing about what they think of each other, you'll be following your curiosity to bigger and more meaningful topics, mostly having to do with ideas instead of people.
GEMINI (May 21-June 21). Whether or not you are looking forward to that big event, it's going to happen. You may as well get psyched up for it. A fellow fire sign (Leo or Sagittarius) will help in this regard.
CANCER (June 22-July 22). All it takes is a smile and an encouraging word to boost team spirit. They may want you to volunteer for more responsibility. You are not obligated! Lost objects will turn up tonight.
LEO (July 23-Aug. 22). You're a fast study. Too fast, sometimes, because you get it on the first try and expect that it will always happen like that. It won't. In order to do things better the second time, you have to do them a second time.

VIRGO (Aug. 23-Sept. 22). Is someone trying to control you? It is very unwise for any to attempt this, as your bristles are serious. You're in the mood to resist authority and delve deeper into a strain of independent thought. Go with it and you'll be lucky.
LIBRA (Sept. 23-Oct. 23). Perhaps you don't even like the admiration you secretly feel for that roughish someone who, for all his or her wicked ways, still manages to win your affection. Alas, your heart has its own rules. The question is, what's next?
SCORPIO (Oct. 24-Nov. 21). It's like your battery hasn't quite kicked in and you might have to push this car some to get that motor running. Helpful friends will push you. Once you get it moving, it's smooth sailing.
SAGITTARIUS (Nov. 22-Dec. 21). It's only natural that the others are thinking of their own stories instead of getting things right in yours. That's why it's imperative that you stay in charge on your end. Get on your own side! It's not selfish!
CAPRICORN (Dec. 22-Jan. 19). You'll give the others a sense that you are confiding in them, and this charges the relationships with a special, private energy. Whether or not these are really secrets you're divulging is another matter.
AQUARIUS (Jan. 20-Feb. 18). For the specific job of the day, you have no real competition. This is you, doing what only you can, and doing it at the highest, most unique level. These are all reasons to keep your eyes on your own page.
PISCES (Feb. 19-March 20). The spotlight swings to you, sets you aglow in a way that makes you feel like the star you are, and then, only moments later, moves again. That's why you have to seize the moment when it's on you!

TODAY'S BIRTHDAY (Jan. 29). You know that unfulfilled dream you were seriously considering giving up? Well, not so fast. You just weren't ready before, but you're getting there now, and when you apply yourself in February, a new development will make you so happy you hung in there. Abundance comes in March; romance in June! Scorpio and Libra adore you. Your lucky numbers are: 3, 28, 45, 33 and 41.
