HOROSCOPES

By Holiday

TUESDAY, MARCH 8, 2016

ARIES (March 21-April 19). The theme is personal power and how you're going to find, keep and use it. Keep going, full steam ahead, and you'll be very surprised and pleased about all that you can accomplish in one day.

TAURUS (April 20-May 20). You're nice, but not so nice that you'll let just anyone take up your time. You'd like to know what's in it for you, and, because you're smart, wise and shrewd, you'd like this information as early as possible in the interaction.

GEMINI (May 21-June 21). You'll get the distinct impression that the group needs a leader and they're looking to you. The commitment may seem daunting now, but rest assured, this group will calm down once they have a strong leader.

CANCER (June 22-July 22). One thing we learn from time-travel movies is that it's almost always unexpectedly difficult to get back to the "present." You'll have a similar challenge today if you look back. So don't look back! Go forward with velocity.

LEO (July 23-Aug. 22). In order to inspire people, usually it helps to first understand them. However, there will be times, like now, in which you are completely, un-self-consciously yourself, and they respond. You may never know why -- just go with it!

VIRGO (Aug. 23-Sept. 22). You are in the flow of wonder and will experience it from all sides. You'll be the object of someone's curiosity, and this will be almost as fantastic as pursuing your own curiosity about another person.

LIBRA (Sept. 23-Oct. 23). Even though you know your friends, loved ones and colleagues very well, you do not presume to know what their reaction to something is going to be. People are always growing and changing. You stay tuned in.

SCORPIO (Oct. 24-Nov. 21). As far as memorable moments of joy go, the ones that come as sudden relief to prior periods of pain or deprivation stand out most in your mind. That's why if you can help someone out of a pain state, you'll do it, pronto!

SAGITTARIUS (Nov. 22-Dec. 21). Hesitation, procrastination, stagnation and any other "alon" that happens to be keeping you from moving forward has to do with one thing only: fear. Courage is the remedy to all. Take courage; then take a step.

CAPRICORN (Dec. 22-Jan. 19). There's an art to asking the right question, and you could definitely be punished (with mild social judgment) for asking the wrong question. Therefore, you're careful to be thoughtful with the information presented to you.

AQUARIUS (Jan. 20-Feb. 18). This won't surprise you, but people do tend to think of you as their own. The funny thing is, as much as they all try to claim you, you can't be everybody's. You'll be gracious about it, but you will have to make some choices.

PISCES (Feb. 19-March 20). Seeing greatness should make you want to deliver greatness. If instead it makes you jealous, it only means that you have a little more work to do to bridge the gap between your current and future ability level. You'll get there!

TODAY'S BIRTHDAY (March 8). It's a lucky feeling at the start of this solar cycle, like you've arrived, you deserve it and you'll be ready to want something else in about two months. All the more reason to celebrate big! Your honed aesthetic sense will play into May's success. June features a relationship breakthrough. August begins an education. Aries and Gemini adore you. Your lucky numbers are: 2, 4, 38, 34 and 17.
