HOROSCOPES
By Holiday

FRIDAY, MARCH 18, 2016
ARIES (March 21-April 19). So you're not who you wanted to be? Excellent - because who you are is the best person to be. You'll get proof of this in the afternoon, and hopefully it will relax you. You are enough!

TAURUS (April 20-May 20). Boredom can be a positive force. If you were never bored, you wouldn't be half as creative as you are. In order to really feel your boredom, don't rush to fill the void of inactivity.

GEMINI (May 21-June 21). Think ahead to next week. How can you make your life less stressful? It will take some planning, but all the efforts you make today on the matter will be so worthwhile. Future you will be thanking current you.

CANCER (June 22-July 22). You know what you're doing. You're very aware of the big picture and the minutiae, too, and you're able to zoom in and out at will. Because of this, you'll accomplish what you couldn't when you were being less flexible.

LEO (July 23-Aug. 22). You're very aware of your most attractive qualities, and you try to lead with them, but it doesn't always work out that way. The ones who you feel very close to will get the real you and love you all the more for it.

VIRGO (Aug. 23-Sept. 22). The order you create around you will contribute to an excellent "user experience." This is part of why so many people want to be near you. You're a stabilizing influence. Tend to those systems. They support the best in you.

LIBRA (Sept. 23-Oct. 23). Slipping into an excellent mood is the first order of business. The small challenge you can easily win - that's the one to start with. It will set you up for bigger and better things.

SCORPIO (Oct. 24-Nov. 21). You'll check quite a lot off your list today. This is a good time to remember that the spirit in which things are done is even more important than what it is that you do.

SAGITTARIUS (Nov. 22-Dec. 21). While you chew on a hard truth, a white lie is on your lips. This might be the more compassionate thing to say, but just so you know, the truth is going to come out eventually.

CAPRICORN (Dec. 22-Jan. 19). Your contribution is huge, though it doesn't feel that way to you. You have no idea how much your cooperation matters. In fact, you set the whole tone of a group. Everything goes better because of you.

AQUARIUS (Jan. 20-Feb. 18). You can't always tell the difference between good luck and bad luck, but today it will be extremely clear. Your stomach will let you know. Delays could be very positive, giving you the chance to connect with someone.

PISCES (Feb. 19-March 20). You may feel like you need to go out of your way to explain yourself, but resist. Less is more. You have nothing to prove. Besides, if they don't understand you by now, they might just be the wrong audience for you.

TODAY'S BIRTHDAY (March 18). Your efforts to educate yourself on a subject will turn into an entirely new career trajectory. Because you have a tendency to become captivated by your interests, others will find you captivating as well. You could become a teacher in April. June features luck through markets and festivals. You'll travel far in August. Leo and Sagittarius adore you. Your lucky numbers are: 31, 3, 22, 48 and 9.
