By Holiday

SATURDAY, APRIL 9, 2016

**ARIES** (March 21-April 19). You already know a handful of subjects that you and your friends can connect over. Branch out to keep the relationships fresh. New topics and activities will be even more fortifying than the familiar ways of bonding.

**TAURUS** (April 20-May 20). There are some things you'd rather do alone. Your methods may clash with a partner's way of doing things. Split up the work. If you try and tackle it together, it will only cause friction in the relationship.

**GEMINI** (May 21-June 21). There's nothing wrong with a little competition. In fact, you'll be better off for the added pressure of having to do things faster, cheaper or in a more attractive manner than the others on the scene.

**CANCER** (June 22-July 22). Instead of being fine with "whatever," you're fine with a very specific list of variables, none of which will be out of the question as deliverables. So do you dare to ask for what you really want?

**LEO** (July 23-Aug. 22). You have long believed in the strengths and competencies of others. It's about time for you to see that your own competencies are just as real and more deserving of your attention and nurturing than ever.

**VIRGO** (Aug. 23-Sept. 22). Your special someone has a strong sense of your love. What this person means to you goes far beyond what words can say. The feeling is untranslatable. And yet you keep trying -- a noble effort.

**LIBRA** (Sept. 23-Oct. 23). You are susceptible to enchantment. Bonus: There's no harm in surrendering to it! A relationship will deepen as you relax into the natural flow of things.

**SCORPIO** (Oct. 24-Nov. 21). It takes a massive effort to carry a grudge, and quite frankly it's a lot to keep track of, too. For this and other reasons, you'll find it in your heart to forgive someone and feel immediately lighter for it.

**SAGITTARIUS** (Nov. 22-Dec. 21). You see a different truth in a situation than the others involved. Or maybe you're just reflecting on it differently and thereby drawing highly original conclusions, the likes of which could baffle and delight them all at once.

**CAPRICORN** (Dec. 22-Jan. 19). You're not being greedy; rather, you just feel that you need fatter resources in order to do the job in the best way. More money means more options. There are low-money options too, however. Get creative.

**AQUARIUS** (Jan. 20-Feb. 18). Call your loved ones without a reason or a point. This will turn out to be one of their favorite expressions of your love. After all, pointless conversations usually only happen between kindred hearts.

**PISCES** (Feb. 19-March 20). There's no question that you're dealing with a flawed situation. The question: Is it slightly flawed or is it tragically flawed? Can you work with and fix the problems -- or is this something that will never change?

**TODAY'S BIRTHDAY** (April 9). Passion marks the weeks to come. Social dynamics will change for the better. A once-earthbound relationship will set your heart flying over the next two months. July brings professional opportunity: November features a fluke financial opportunity. Games and sports bring spirited fun in 2017. Virgo and Sagittarius adore you. Your lucky numbers are: 30, 44, 38, 48 and 1.
