ARIES (March 21-April 19). You'll be giving a performance of sorts. It could be as small as making an introduction, or as big as making a business presentation or putting on a party. Regardless of the scale, all details need to be worked out.

TAURUS (April 20-May 20). You're the grounded person who is not afraid to let friends know when they are taking themselves too seriously -- or not seriously enough. Who does this for you, though? Check in with that person today.

GEMINI (May 21-June 21). You never know when a random safety tip is going to save a life or keep someone from getting hurt or embarrassed. Here's a random safety tip: Don't use your phone while driving.

CANCER (June 22-July 22). When you have to wonder, "Does he mean ... ?" it's a sign that that you'd be wise to either ask more questions or listen more carefully to the answers. A little of both will save you from inconvenience today.

LEO (July 23-Aug. 22). You don't have to judge anyone's potential, call the wins or losses or choose who gets in and who stays outside. Maybe you thought you needed to make some decisions, but you can relax. It's not up to you.

VIRGO (Aug. 23-Sept. 22). What's easier: risking your heart or risking your money? You'll gamble with one or the other today and learn the answer to that question. Your winnings will tempt you to take more chances.

LIBRA (Sept. 23-Oct. 23). If you simply go with the majority and their accepted norms of consumption you'll be taking part in earth's destruction. The only responsible thing to do is to go above and beyond what most people do.

SCORPIO (Oct. 24-Nov. 21). The highlight of the day will be an endeavor you approach with solemnity, as though you were sworn in allegiance. Maybe you were. There aren't many things you vow to honor and protect, but this is one of them.

SAGITTARIUS (Nov. 22-Dec. 21). When the bullhorn gets passed to you, you talk about someone else. You're more interested in promoting others than you are in getting ahead, but you'll get ahead in spite of this -- or, more likely, because of it.

CAPRICORN (Dec. 22-Jan. 19). Once you make up your mind you probably won't unmake it. And if there is a change, it will be all your doing -- no one else can convince you. These are some of the reasons you're taking your sweet time with a decision.

AQUARIUS (Jan. 20-Feb. 18). Your charisma is so powerful it can disconnect from your body and move on its own. You can't control it. It will linger in places you wouldn't have expected. Your presence will be felt where your body is absent.

PISCES (Feb. 19-March 20). Since you can only see the world through your own lens it is impossible to know what the others see. However, your great powers of empathy will allow you to imagine and come pretty close.

TODAY'S BIRTHDAY (May 20). Usually you wouldn't seriously dedicate yourself to the pursuit of pleasure, but you will come to understand how important your own happiness is to the happiness of others. A joy quest will continue into August. Your talent will excite fans in September. You'll cash in an ancient investment in November. Scorpio and Aquarius adore you. Your lucky numbers are: 2, 22, 25, 16 and 50.

STATEMENT OF CHANGES IN ACTIVITIES and SOURCES OF FINANCING

The Umatilla Morrow Radio and Data District (UMRDD) incudes 5,280 square miles that lie inside Umatilla and Morrow Counties, excluding the Confederated Tribes of the Umatilla Indian Reservation and the City of Milton-Freewater. The Assessed Value for the District is \$5,932,837,685. The total population is 82,628. The District's purpose is to provide all public safety agencies within its boundaries with the ability to communicate via land mobile radio based voice or data systems and to replace equipment when it becomes inoperable due to damage, regulation, becomes unserviceable, or new technologies become available. UMRDD operates and maintains the current bi-county trunked communications system and several smaller conventional systems currently in service throughout the District. The 2016-2017 budget is the district's sixth budget. The level of experience with actual costs involved with maintaining and upgrading communications systems has reached a level where more accurate predictions of future expenses are possible. I have continued to include four months of funding in Unappropriated Ending Fund Balances in general Fund categories as I did in previous years. The Unappropriated Ending Fund Balance figures have been calculated for current monthly expenses. This arrangement allows the budget line items to represent accurate annual costs per line item, but increase the budget by \$129,213.

The district expects to gave approximately \$650,000 in cash on hand at the beginning of the 2016-2017 fiscal year. During the 2015-2016 budget year, UMRDD has collected \$1,051,910 from 2015-2016 taxes with an estimated \$31,923 yet to be collected. UMRDD has collected \$11,745 from 2014-2015 taxes, \$5,282 from 2013-2014 taxes, \$3,720 from 2012-2013 taxes, and \$2,909 from 2011-2012 taxes during this budget year. Assessment forecasts for the 2016-2017 budget year advise a 1% increase. \$1,094,671 is estimated to be received for this budget year. \$25,000 is expected to be collected from previously levied taxes in 2016-2017. The district expects to receive \$16,500 in the form of user fees charged to the Confederated Tribes of the Umatilla Indian Reservation, \$11,618 in lease payments from US Cellular for their use of the East Pendleton site, \$1,800 from Union Pacific Railroad this year for user fees, \$20,000 from Morrow County for repayment of logging recorder expenses, \$7,160 in user fees from the US Navy, and \$5,600 in user fees from local school districts. The district received a grant from the State Radio Project/State Interoperability Executive Council last year. The amount of the grant is \$181,483. The funds were awarded for a project that provides the ability to link our trunked system to national interoperability frequencies.
