HOROSCOPES

—By Holiday—

FRIDAY, JUNE 3, 2016

ARIES (March 21-April 19). Cosmic rule of thumb: If you hear the same thing three times from unrelated sources, listen. Maybe you don't agree, but that's not the point. Listening – that's the point.

TAURUS (April 20-May 20). Who is dragging you down? Don't be fooled by power plays and positions. Cranky people are weak people today. Stand your ground and things will go your way.

GEMINI (May 21-June 21). What will it take to get the attention flowing your way? You'll be weighing this out, judging your crowd and deciding what you're willing to do for a smile or an opportunity.

CANCER (June 22-July 22). You've been wounded, and you'll seize the chance to help those who are currently going through similar pain. Wounded healers are the best healers, because they understand what life is like from the patient's position.

LEO (July 23-Aug. 22). If and when you choose to forgive, it won't be about the other person; it will be about you. It takes up a lot of energy and mental space to hold a grudge. Just think of what you might do with the extra RAM!

VIRGO (Aug. 23-Sept. 22). You'll interact with people who are so different from you that you won't even be sure how to talk to them, but it's never stopped you before. Common ground will be easily found and then come the real treasures.

LIBRA (Sept. 23-Oct. 23). You'll find yourself torn in the middle of ideas about who you've been and who you want to be. This is about habits. The old habits call you back, and the new ones beckon you forward.

SCORPIO (Oct. 24-Nov. 21). You don't idolize anyone, nor do you demonize anyone. You really have a balanced view of who people are and why they do what they do. This will serve you well in the afternoon.

SAGITTARIUS (Nov. 22-Dec. 21). The crowd will come to you with outstretched hands. If only you could help them all. Who knows, maybe you will! If you do, it will be a byproduct of you following the impulses to help yourself.

CAPRICORN (Dec. 22-Jan. 19). You'll do a new thing, the most important moments of which will be the first moments. Your brain will store those away as nuggets of inspiration and solace for years to come.

AQUARIUS (Jan. 20-Feb. 18). The wise thing to do will be to hang back and quietly observe the social dynamics going on in the moment. When the time comes, you'll insert yourself into the situation that's a fine fit.

PISCES (Feb. 19-March 20). Whose agenda are you attending to? Everyone seems to want something from you. But what do you want? If you don't know yet, all will be fine. If you decide by tonight, all will be better.

TODAY'S BIRTHDAY (June 3). There's none cooler than you this year. "Cool" is not an easy thing to be, by the way. It involves a level of self-possession that few can attain. You'll be celebrated in July and again in November. Hopefully this won't be more attention than you can handle! The friendships that sustain you will provide fun extras in September. Capricorn and Aries adore you. Your lucky numbers are: 5, 9, 20, 50 and 5.
