HOROSCOPES

By Holiday

SATURDAY, JUNE 4, 2016

ARIES (March 21-April 19). Your praises will be sung today, but not as loudly as you'd like them to be.

TAURUS (April 20-May 20). The answer to "Why?" will be "Why not?" That's better than the usual answers, which include "Why ask why?" and of course the classic "Because I said so."

GEMINI (May 21-June 21). You'll struggle with a certain line of reasoning and/or a conversational trajectory. This is indicative of turmoil that goes much deeper.

CANCER (June 22-July 22). Being there for people isn't hard for you unless the people you're there for are hard to pin down.

LEO (July 23-Aug. 22). Why aim low? You've the same odds of hitting your mark that you would have if you aimed high.

VIRGO (Aug. 23-Sept. 22). There's an interesting dynamic forming between you and someone you think of as competition.

LIBRA (Sept. 23-Oct. 23). It will be so worthwhile to follow the directions. Find them. Don't worry; your originality will remain intact.

SCORPIO (Oct. 24-Nov. 21). There are doubting voices in your head, but you don't have to listen to them.

SAGITTARIUS (Nov. 22-Dec. 21). You may find yourself wondering if your friends have been supportive or your loved one has been true.

CAPRICORN (Dec. 22-Jan. 19). The relationship energy will flow freely through the structures of your life.

AQUARIUS (Jan. 20-Feb. 18). You see selfishness as a kind of sickness. You pity those afflicted - and all are afflicted at one time or another.

PISCES (Feb. 19-March 20). The tension that exists in your personal life won't be such a big deal once you perfect the fine art of ignoring the problem.

TODAY'S BIRTHDAY (June 4). Ultimately, no one knows what other people are going to think of as cool, but your instincts around this are so keen this year that you'll hit the cool-factor jackpot at least five times before your next birthday.
