HOROSCOPES

—By Holiday—

THURSDAY, JUNE 9, 2016

ARIES (March 21-April 19). You'll have power over the situation this afternoon. Given the choice, the others will opt for the status quo. If you don't like the status quo, then don't even give them that choice.

TAURUS (April 20-May 20). You will place an order that waits in line with a whole lot of other orders. You're not the priority, and yet you'll move quickly up the queue when you say the magic words. Those words will have to do with making that person feel better about his job.

GEMINI (May 21-June 21). When greeted with questionable stimuli, your first response will be not to respond. This will buy you time. And ultimately, never responding will be one respectable way to go.

CANCER (June 22-July 22). There's something in the way you communicate with your loved ones that cannot be duplicated by any other person. You're special. Know this, and expect your people to keep coming back for what only you can deliver.

LEO (July 23-Aug. 22). Progress doesn't always look like stepping forward. Some steps backward are inevitable in the whole pattern of a journey, and therefore they are to be considered progress as well.

VIRGO (Aug. 23-Sept. 22). Chances are that you'll dig your heels in. You're still getting used to where you are. You'll move when you're good and ready and send the signals that tell people to proceed with caution.

LIBRA (Sept. 23-Oct. 23). You throw out proposals and ideas, asking the others not to get too attached, which of course makes them all the more interested. You take the pressure off of them and they respond by putting some on you.

SCORPIO (Oct. 24-Nov. 21). The affirmations you give yourself will have special power. Touch back on your intention. Rid yourself of any cross-purposing activity or even thought. Once you decide what to do, tell yourself that it's as good as done.

SAGITTARIUS (Nov. 22-Dec. 21). The control freak in your life is just trying to do some good in the best way that he or she knows how. What? Is that control freak you today? Well, who would blame you? The world hasn't been entirely supportive after all.

CAPRICORN (Dec. 22-Jan. 19). Less trying and more doing -- that's the order of the day. In fact, anyone who is "trying" will go on your radar as being a potential problem for you down the line, whereas those of pure intention make things happen.

AQUARIUS (Jan. 20-Feb. 18). You will benefit from solitude. It will, in fact, fill up your heart and feed your soul. The only trouble is, it's hard to get. If you're thinking about others, it doesn't count as having a moment to yourself.

PISCES (Feb. 19-March 20). "No judging" is usually your policy, so it's interesting when you get put in a position where judgment is your job and the best way of helping those around you. You'll take this responsibility seriously and be quite fair.

TODAY'S BIRTHDAY (June 9). The first six weeks of this solar return will have to do with helping someone dear to you. In the end, the benefits of your benevolence will be so much greater than you ever could have imagined, though it will be a long time before this boomerang comes back to you. A change at work will push you higher in September. Aquarius and Leo adore you. Your lucky numbers are: 5, 20, 1, 11 and 15.
