Pilot Rock
April 5, 1966-May 31, 2016

Shelly Marie Widner Makin, a resident of Pilot Rock, went to Heaven on May 31, 2016, at St. Anthony Hospital following a three-year battle with cancer. She died at the age of 50.

Shelly was born April 5, 1966, to James and Sue Widner at St. Anthony Hospital in Pendleton. She attended Pilot Rock Elementary and Pilot Rock High School, graduating with the class of 1984.

In her younger years Shelly enjoyed dressing up and going out with her friends, laughing and joking, and above all else always smiling. She was always bubbly and upbeat, hardly ever saw her down and out. Shelly loved decorating her home, both inside and out, and she had lots of pretty flowers and decorations all around her house. Above all, she loved her family and her three boys were the most important thing in her life.

Then in March of 2013

Makin

she was diagnosed with stage 4 colon and liver cancer. She had to endure heavy rounds of chemo and was very sick. She still smiled and tried her hardest to live a normal life, fighting tooth and nail throughout it all.

SCHOLARSHIPS

Student home-builders earn scholarships

HERMISTON — Four participants in the Columbia Basin Student Home-builders Program received the 2015-16 one-time \$3,000 scholarship by the same name: Elizabeth Herrera, Cameron Meade, John Mejia and Emily Vandehey.

The application process included a scholarship application and required two letters of recommendation, a copy of the student's transcripts, and an essay describing how the student's educational plans/goals and experiences in the CBSHP helped to shape and support their career aspirations.

Applicants had to be senior classmen in Hermiston, Stanfield, or Umatilla high schools; a student in good standing; an active participant in the CBSHP; and demonstrate a sincere interest in and intent to pursue a career in the building trades. These trades might include, but are not limited to: welding, sheet metal/HVAC, heavy equipment operating, carpentry, electrical, plumbing, construction managing, architecture, engineering (civil, landscape, mechanical, electrical, etc.). Recipients were selected on the basis of his/her desire and intent to pursue training and education, performance in the program during their high school tenure, and who best articulate their need through the application process.

The revolving scholarship fund was established through the generous sponsorship arrangement with the Northeast Oregon Home Builders Association. Awarded annually, generated dollars are provided to support graduating high school seniors who have actively participated in the program and express a desire to pursue post high school education in a CTE related field through a four-year, two-year, or trade school opportunity.
