

AMAZING ANIMAL ATHLETES

Who would win the medals if Mother Nature held Olympic Games for the other animals on this planet?

Speed and Endurance

The gold medal for long-distance running would have to go to the pronghorn antelope. It can maintain a steady speed of 35 mph (56 km/hr) for a distance of 3 miles (5 km). No other animal can run so far so fast.

Find the two identical pronghorn antelope.

Standards Link: Visual discrimination: Identify similarities and differences in common objects.

Complete the maze to find out which animal wins each competition!

The fastest animal can reach 200+ miles per hour in a dive to catch its prey.

Fastest land animal racing at 70 mph!

Fastest marine mammal swimming at more than 35 miles per hour!

Fastest fish reaches 68 mph!

Fastest insect zooms in at 36 mph!

Winner by a Nose
Elephants are the only animals that can't jump. They can smell water three miles away, though!

Strongest Animal
The strongest animal, relative to body size, is the Rhinoceros beetle. It can support 850 times its own body weight on its back.

High Jump
The puma, a member of the cat family, holds the record for the highest-jumping mammal. It can leap up to 18 feet (6 meters) in the air from a standing start.

Long Jump
The common flea can cover 220 times the length of its body in one leap! If humans could do that, we would be able to complete the 800 meter race in just two leaps!

Traveling as fast as it can, without taking a rest, it would take a garden snail more than eight days to finish a 10,000 meter race!

Spelling Hurdles
Race through the newspaper and find and cut out letters that spell the names of each of the following Olympic events:
• Equestrian
• Javelin
• Steeplechase
• Swim

Animals in the maze: Peregrine Falcon, Ladybug, Dragonfly, Dall's Porpoise, Shark, Sailfish, Cheetah.
