## HOROSCOPES

By Holiday

THURSDAY, JUNE 16, 2016

**ARIES (March 21-April 19).** You might be afraid that if you accept help, it will indebted you to a person. That's not the case today, so go ahead and let others do some of the work when they offer.

**TAURUS (April 20-May 20).** No one said you had to be easygoing all of the time. You have needs that might put you into the "high-maintenance" category. So what? You're not always like this. Loosen up, and let of some steam.

**GEMINI (May 21-June 21).** Remember that every difficult situation is an environment to grow -- creatively, spiritually and personally. You're up to the challenge and you'll answer the call.

**CANCER (June 22-July 22).** You're not worried about what they think of you, because you're not convinced that they think of you at all. Other people are thinking primarily about themselves. That's a liberating fact.

**LEO (July 23-Aug. 22).** You crave the sweet life. What does that mean to you? You definitely want to spend time with the ones who make you feel that life is so good. Your favorite foods and pleasures will be part of this, too.

**VIRGO (Aug. 23-Sept. 22).** You'll share your feelings with enthusiasm. This boldness is what makes you someone's favorite person. Actually, more than one will claim you as a favorite today.

**LIBRA (Sept. 23-Oct. 23).** Check your own motives. You thought you were in a situation for one reason, and you'll likely figure out that it was only the start of it. Your needs go deeper than you think. Success depends on understanding what motivates you.

**SCORPIO (Oct. 24-Nov. 21).** Do not underestimate your opponent. People are capable of more than you think, and that includes you, too. Also, if you have the choice, play the long game.

**SAGITTARIUS (Nov. 22-Dec. 21).** You're almost ready to break out of the pattern that was holding you back. The only thing is, there's something warm, familiar and comfortable in this that you still need. You'll need to develop new coping mechanisms.

**CAPRICORN (Dec. 22-Jan. 19).** Write it down: write all of it down. These are the details you won't want to miss. Plus, you're not likely to keep it straight and stay on task unless you get it down on paper -- "old school" style.

**AQUARIUS (Jan. 20-Feb. 18).** Your dedication will pay off eventually. Right now, you'll feel the muscle strain that comes with putting in more work. There's no shortcut. You'll know it was enough work when you see the result.

**PISCES (Feb. 19-March 20).** You have talents that the others can't appreciate: it's true. That's why you need to meet new people -- people who truly get who you are. You deserve to be deeply appreciated, not merely tolerated.

**TODAY'S BIRTHDAY (June 16).** There will be good news for your family in the next six weeks. This will be hard work, but after the initial push you'll get the help of a mentor and a strong team. You'll set out to make your mark on the world, and you'll do it, too. The next six weeks show you acquiring a skill you'll use for years to come. Love signs are Libra and Leo. Your lucky numbers are: 5, 2, 33, 38 and 18.
