HOROSCOPES By Holiday

ARIES (March 21-April 19). You feel driven to create, give your opinion, make something they might buy. It's a gamble, but today the odds are in your favor. Play them and cash in.

TAURUS (April 20-May 20). While scrutinizing the possible directions your life could take in the future, you'll be joined by flashes of memory, mentors from the past, ghosts to guide you on.

GEMINI (May 21-June 21). Do you believe in telepathy? You could have a most unusual psychic experience today, as unexplainable as it is personal. At the very least, this is a sign of how connected you are to someone or to your higher guidance.

CANCER (June 22-July 22). Delegate when necessary -- and when not necessary. If you don't start giving away some of these tasks now, they will build up and build up until the hundreds of tiny tasks you're doing cause you to topple.

LEO (July 23-Aug. 22). There is very little that's really ours in this world. Let things come and go. If it's yours, it's yours for good: It can't be taken from you, won't leave you, and even if you forsake it, sell it or abuse it, you'll somehow get it back.

VIRGO (Aug. 23-Sept. 22). Is there secret information being passed back and forth between people on different ranks and in different networks? The tinge of paranoia isn't for nothing. Take it as a sign to pay attention.

LIBRA (Sept. 23-Oct. 23). Don't let your euphoria over the happy resolution of one situation keep you from the reality of dealing with another situation. Face it, deal. Face it, deal. That's the way this day will go.

SCORPIO (Oct. 24-Nov. 21). Interesting people cross your path every day. You don't know how interesting, of course, until you get to know them. The physically often lies. Go deeper.

SAGITTARIUS (Nov. 22-Dec. 21). Contrarians will be challenged: Are they being stubborn because the idea or request is something to be strongly disagreed with, or is this resistance a general attitude of stubbornness?

CAPRICORN (Dec. 22-Jan. 19). The rules for time travelers will apply: If it makes someone happy or changes the course of a person, including you, or does anything at all to alter the timeline, it matters significantly.

AQUARIUS (Jan. 20-Feb. 18). The scene change has nothing to do with you, at first, except that your entrance is coming. Now, should you move and decide or should you pause and feel your way through it? The second will work today.

PISCES (Feb. 19-March 20). A very astute observer might read your mood and respond accordingly, but unfortunately, such people may not be populating your midst today, so prepare to deal with a mismatch of tones. TODAY'S BIRTHDAY (June 22). The responsibilities and obligations that used to seem too daunting to bear alone are now a piece of cake. This is how you've grown, and you'll become even more emotionally strong and spiritually generous in this solar cycle.
