GENERAL SUMMARY
Reporting to the Chief Financial Officer (CFO), the Controller is responsible for the day to day activities of the accounting team ensuring the accounting function is organized and efficient and able to produce accurate and timely information. In this role the Controller will lead all day-to-day accounting operations to include the production of periodic financial reports, maintenance of an adequate system of accounting records, and a comprehensive set of controls designed to mitigate risk, enhance the accuracy of the company's reported financial results, and ensure that reported results comply with Generally Accepted Accounting Principles.

PRINCIPAL DUTIES AND RESPONSIBILITIES

1. Oversee the operations of the accounting department, including the design of the structure appropriate for achieving the department's goals and objectives.
2. Primarily responsible for all accounting and finance functions, including budget preparation, monitoring and reporting, of the Farm division.
3. Assist in the development and maintenance of a documented system of accounting policies and procedures and internal controls designed to enhance accuracy and timeliness of information, mitigate risk and ensure flawless year-end financial statement audits.
4. Assist in the preparation and analysis of operational and financial data to support operational decision making and forecasting future operating results and cash flows.
5. Oversee all accounts and reporting systems ensuring compliance with GAAP and applicable regulatory and banking requirements.
6. Coordinate and direct all audit activity.
7. Analyze financial data and prepare financial reports, including written commentary and explanations, in an accurate and timely manner.
8. Clearly and concisely communicate monthly financial results including monitoring and summarizing budget vs actual variances.
9. Manage organizational cash flow and cash flow forecasting.
10. Leverage the strengths of the accounting team, provide clear guidance on individual and team roles and responsibilities and provide coaching and mentoring as needed.
11. Provide leadership in strengthening internal communication with staff at all levels throughout the organization.
12. Create and promote a positive and supportive work environment.

QUALIFICATIONS

1. Strong GAAP understanding and experience. Prior public accounting experience preferred.
2. Ability to work under pressure, manage multiple priorities and perform work accurately and timely.
3. Technology savvy, including experience with ERP systems, Excel and SQL.
4. Strong experience with consolidations, including budgeting and financial statement preparation.
5. Must have demonstrated ability to lead a team, pay attention to details and desire to be hands-on.
6. Must have strong background in farm accounting and manufacturing accounting.

EDUCATION

1. Bachelor's Degree in accounting required

EXPERIENCE

1. Five to ten years relevant experience required.
2. Must have solid understanding of and experience with farm accounting and enterprise accounting.
3. Cost accounting experience preferred.
4. Experience with Microsoft Navision (NAV) strongly preferred.

HOROSCOPES
By Holiday

SATURDAY, JULY 2, 2016

ARIES (March 21-April 19). Though you don't like to dwell on upsetting experiences of the past, you can now see them as though you were a casual observer, not the one at the center of the scene. Doing so will help you work out today's dilemma.

TAURUS (April 20-May 20). You've discharged quite a lot of emotional energy as of late, and now there's a hum of mental calm to accompany your every move. It's a good soundtrack.

GEMINI (May 21-June 21). Speaking in abstract principles won't help what's going on for you personally. Ground your conversation and anecdotes in the facts and happenings of your life.

CANCER (June 22-July 22). You're tough and so you have to do the tough work. After you clear up this bit of gnarly (or perhaps just inordinately tedious) business, you'll be back to your charismatic, hilarious, sparkly self.

LEO (July 23-Aug. 22). You sometimes wonder if the person you're being in a relationship is intrinsic to who you are or only showing up because of the circumstances present in that particular dynamic. Take yourself out of it and see.

VIRGO (Aug. 23-Sept. 22). It's an ideal day to assess your current status in concrete measures. Whether it's counting your blessings, children, money or body stats, size up the facts and find out exactly where you're at.

LIBRA (Sept. 23-Oct. 23). You may be surprised by a sudden awareness of a responsibility you didn't know you had. Probably, it's something you've already been taking care of, though now, instead of acting automatically, you see the choice in this.

SCORPIO (Oct. 24-Nov. 21). Was it something bad that happened or was it a wisdom-building experience? Well, if you never thought of it that way before, you'll run with the idea today and apply that wisdom all over the place.

SAGITTARIUS (Nov. 22-Dec. 21). The computing power that's woven into almost everything you do will have a definite effect on a main relationship today. It could, if used well, bring you much closer to your love. If used badly, it could cause a wedge.

CAPRICORN (Dec. 22-Jan. 19). You want to excel, but when you do, there is a set of feelings on the other side of it that catches you off guard. Remember how it was last time. You're going to succeed again, so it's important that you prepare yourself for it.

AQUARIUS (Jan. 20-Feb. 18). The pertinent question is whether your current sense of what you're capable of is actually balanced or it's a distortion you've created based on the expectations and needs of those around you.

PISCES (Feb. 19-March 20). On your way to the next evolution, the one in which you gain what you've been wanting, something gets lost. It's most commonly something you weren't using and don't need anyway, but grieving may be called for.

TODAY'S BIRTHDAY (July 2). You see yourself as not only a person, but also a producer of a kind of feeling that you give the people lucky enough to be around you. Your warmth and the quirky way you look at life will add much joy to the lives of others. There's a big payoff in August. You'll meet one you've long admired before 2016 is up. Aquarius and Libra adore you. Your lucky numbers are: 9, 20, 14, 33 and 42.
