ARIES (March 21-April 19). Decorum will matter, and there will be points for good manners. Still, there will come a point in the day when the discussion naturally flows to the things people are not supposed to talk about, and it's nothing to shrink from.

AURUS (April 20-May 20). You thought they were listening, but you may learn today that the information you gave fell on deaf ears, or at least they don't recall it. Don't doubt yourself or blame m; just try to communicate agair

GEMINI (May 21-June 21). You are inherently worthy of love, and yet you still feel that you have something to prove, if only to yourelf. Trying to impress others usually creates the opposite effect out if you can impress yourself, well, that will be a thrill.

CANCER (June 22-July 22). Even though intellectually you realize that your time is finite, pretending like you have all the time in the world will align you with the mythological gods, who are so muc re powerful and creative for the luxury of their immortality.

LEO (July 23-Aug. 22). It is natural to assume that other people are like you. They not always are. You'll be a good judge of character as long as you don't project your own personality onto the ank slate of an unknown persor

/IRGO (Aug. 23-Sept. 22). A civilized life removed from nature only serves to make the natural world a more uncertain place. avigating natural realms will help the animal inside you and pro ote health and well-being on the deeper levels.

IBRA (Sept. 23-Oct. 23). You get along well with others, work and play nicely with your teammates and coexist harmoniously in whatever environment you find yourself in. And yet, you'll be mazingly productive in a realm that's entirely yours. Find it.

SCORPIO (Oct. 24-Nov. 21). When the unwitting hero of the hor ror movie puts a hand on the doorknob, the audience collectively thinks, "Don't go in there." It wouldn't be a good flick if the here eded warnings. You're not in the movie, though

SAGITTARIUS (Nov. 22-Dec. 21). The theme is "romance" and what that means to you. Sometimes it's flowers and poetry. Sometimes it's a special night out. Right now romance is a state of understanding. Your efforts to this end will be most effective.

CAPRICORN (Dec. 22-Jan. 19). There are willful and selfish urges inside each and every person. Over time, you've learned to curb these tendencies. Witnessing them in others will be a little frusrating for you, though you can relate, so you have compassion.

AQUARIUS (Jan. 20-Feb. 18). People want to be near you and will gather where you are. Whether it's at home or the lunch table or your work area, you'll have to give major hints to get anyone to eave.

PISCES (Feb. 19-March 20). Working toward compromise is the natural state of relationships now, including the relationship etween your lower and higher urges and instincts. If you can balance those, you can balance anything.

TODAY'S BIRTHDAY (July 7). Ask the universe to wow you and the wonders will keep unfolding. You're willing to trade in your curiosity for skepticism, because this feels better to you. Bonus: Curiosity and optimism attract more interesting, creative and mpressive people to you. September features a loving commit-nent. December brings a new deal. Aquarius and Gemini adore you. Your lucky numbers are 7, 20, 12, 14 and 32.
