HOROSCOPES
—By Holiday—

SATURDAY, JULY 9, 2016

ARIES (March 21-April 19). Feeling overwhelmed? It's a positive sign that your life is big and broad, rich and full. You've been ambitious. You've challenged yourself. Accept the anxiety that goes with this state. It will be far more comfortable than fighting it.

TAURUS (April 20-May 20). Often the mental picture is better, whether or not you're right. Recap all communication so as to be sure you've been heard and understood.

GEMINI (May 21-June 21). What you're expressing has value, whether or not you're right. Recap all communication so as to be sure you've been heard and understood.

CANCER (June 22-July 22). You may not get it finished today, but if you work on it a while you'll get closer. Bring a friend or colleague in on this, too, while you're at it. There will be no big glory in finishing alone.

LEO (July 23-Aug. 22). Multitasking will rob you of your mindfulness. Instead of doing many things at once, do one thing at once.

VIRGO (Aug. 23-Sept. 22). When it's your turn to relax, take it. Kick back, daydream, binge on media, do the thing that gives you the feeling like you're one long, stretched out sign. This is healthy.

LIBRA (Sept. 23-Oct. 23). In order to make yourself happy, you might have to get past some of the ideas you have about who you're supposed to be. Anyway, a lot of those ideas are based on other people's expectations.

SCORPIO (Oct. 24-Nov. 21). Everyone is different. A party might energize others, while you might find it to be a lot of work. Both are true, but since you can only be in your own body, you may as well cater to that.

SAGITTARIUS (Nov. 22-Dec. 21). Your thoughts may seem to ping chaotically around in your head, but once you hold a pen in your hand they will order themselves quite nicely. Make lists; gain clarity.

CAPRICORN (Dec. 22-Jan. 19). The Italian proverb suggests, "One who walks in another's tracks leaves no footprints." It's a good idea if you're doing something illegal, but in all other cases wouldn't you rather make an impression?

AQUARIUS (Jan. 20-Feb. 18). Love is: getting to know another person's triggers so you don't accidentally press against the wrong one. If you're going to cause another person pain or pleasure, you'd rather do it mindfully.

PISCES (Feb. 19-March 20). You owe your success to saying "yes," but you could also make a case for "yes" being your downfall. For now, just make sure you're not being taken for granted.

TODAY'S BIRTHDAY (July 9). The music is in you. Sing it out! Know that other people will dance to your song if you get it out there loud enough for them to feel the beat of it. The next two months will introduce you to new friends. August and February are your luckiest months in business. Gemini and Capricorn adore you. Your lucky numbers are: 39, 3, 19, 47 and 8.
