HOROSCOPES By Holiday

THURSDAY, JULY 14, 2016
ARIES (March 21-April 19). One effective strategy will be to come in the situation with big energy to make sure everyone knows you're on the scene, then adjust to what's happening, back it down, and go nice and slow to earn their trust.
TAURUS (April 20-May 20). Where are the other people (especially the ones you admire so much) getting their inspiration? This is what you're curious about, and finding out will open new avenues for you.
GEMINI (May 21-June 21). A one-sided deal isn't a deal at all; it's a proclamation. Deals include the agreement of multiple parties, hopefully equally committed to making something happen. So whom else do you need to include?
CANCER (June 22-July 22). As far as the other person is concerned, your choices define you. But your self-definition is also shaped by the things you wanted to do but thought better of and didn't.
LEO (July 23-Aug. 22). The exceptional work you did last week will lead to a new assignment this week. Keep this up and you'll have more jobs than you can handle alone. Luckily there are also capable helpers coming your way.
VIRGO (Aug. 23-Sept. 22). Nature can be stronger than man, although man is a force of nature, too. Don't think of yourself as nature's opponent. Align yourself with the elements and use them instead.
LIBRA (Sept. 23-Oct. 23). No one will be giving out awards for the cleanest house today. You might consider letting some of that domestic work go in favor of devoting yourself to a task that's closer to your heart.
SCORPIO (Oct. 24-Nov. 21). Seeing something being made out of nothing is a thrill. What's even more exciting is making this happen yourself. And when you see the thrill in another person's eyes because of what you've done, it's even better.
SAGITTARIUS (Nov. 22-Dec. 21). There's a restlessness stirring in you - a reaction to recent changes in you and in your environment. So what do you need to do to feel the soothing embrace of calm?
CAPRICORN (Dec. 22-Jan. 19). Something with which you're displeased becomes a topic of conversation. Much to your delight, you're not the one who brings it up. Yes, you have a partner in the grievance, and also in creating the solution.
AQUARIUS (Jan. 20-Feb. 18). There's a way to make the external conditions work for you, though that method may be temporarily disguised by the external conditions themselves. Take a breath and try and look past this. What are you missing?
PISCES (Feb. 19-March 20). Being positive doesn't always come easily to you, but it's your natural reflex to support those you love and be compassionate toward those who clearly need help. Your habit of thinking the best of people will serve you well today.
TODAY'S BIRTHDAY (July 14). You'll find yourself incredibly happy for no good reason this year. August will bring a shift in your professional realm and an exciting opportunity therein. November and January bring remarkably fast personal growth and the expansion of your influence, largely through the completion of a course or set of books. Aries and Leo adore you. Your lucky numbers are: 6, 12, 30, 27 and 9.
