GEMINI (May 21-June 21). The project before you is exciting. Don't let your excitement cause you to rush. Leave a good amount of space between the different stages of work. It will help you to refine and improve as you go.

CANCER (June 22-July 22). Good news. Though you'll be very out of your element for a period of this day, there is no need to study or watch another person in order to know what to do. The right answers come to you by nature.

LEO (July 23-Aug. 22). The idea that was strange and wonderful will now show a different side. The idea that was strange and horrible will show to have its merits. These are merely signals that your mind is open.

VIRGO (Aug. 23-Sept. 22). No one is ever alone in a feeling. However complex it may seem, someone else in the world has gone through or is going through something very close to your emotion, but you have reach out to know the truth of this.

LIBRA (Sept. 23-Oct. 23). The blue skies make you feel like you should run into them, arms open, confident and alone. The storms make you feel that you should huddle up and cling to another person. Both are just weather and mood.

SCORPIO (Oct. 24-Nov. 21). You graciously acknowledge the favors you've given, but you don't use them all, as it would incur too much debt. Note: The favors from on high are generally lower priced than those from down low.

SAGITTARIUS (Nov. 22-Dec. 21). Sometimes you think you sound like a broken record, as the circumstances of your life seem to run you, and the "you" they seem to run has the same message, recurring. Flip it. Play the other side.

CAPRICORN (Dec. 22-Jan. 19). You don't always like to admit it, but there's comfort in a routine. By the way, you could really use some comfort right now. Instead of moving to the next excitement, consider setting a nice groove.

AQUARIUS (Jan. 20-Feb. 18). Will you deliver what you said you would? Probably. And when the potential recipient is persistent, definitely. Furthermore, whatever is open to interpretation, you'll interpret it.

PISCES (Feb. 19-March 20). Your contentment will rely on valuing the help you give. Don't promise more. Even if you only help a person one time, being present in a moment of need will have a profound impact.

TODAY'S BIRTHDAY (July 26). What you want isn't always the best thing to get. You'll get better in August.
