CANCER (June 22-July 22). Like a well-prepared celebrity on a talk show, you've rehearsed your "talking points" and you've been warned not to go off script... you know, where all the juicy stuff is. Will you make an exception for that charming so-and-so?

LEO (July 23-Aug. 22). Everyone pays dues and proves usefulness. Don't let anyone treat you badly, though. Stand up for yourself. Social and professional standing won't be automatically given; it has to be claimed.

VIRGO (Aug. 23-Sept. 22). It's a subtle thing, but you stand taller, make yourself longer and become more connected to your environment. You have the overriding feeling that you belong exactly where you are.

LIBRA (Sept. 23-Oct. 23). That difference between your job and your work will become more obvious today, as a thought process involves you deeply. What you love about what you do may have very little to do with the job itself.

SCORPIO (Oct. 24-Nov. 21). Crying can be the start of healing, a physical stress reliever that makes us feel better. But it can be other things, too - manipulation, the entry to an emotional pain loop, habit... Interpretation is key.

SAGITTARIUS (Nov. 22-Dec. 21). Someone you love may need you to put your sparkle, charm and expertise to the task of taking the intense, embarrassing or pressurizing focus off of his or her latest mistake.

CAPRICORN (Dec. 22-Jan. 19). Stress causes people to disassociate with the present flow and become a self-conscious witness to their own interactions. Your job will be to make someone comfortable in an uncomfortable situation so this person can shine.

AQUARIUS (Jan. 20-Feb. 18). Usually you love more or less unconditionally. However, right now, if you were to think of yourself and your attention as a kind of prize, it would benefit all. Make them earn it - if only so they'll appreciate what they have in you.

PISCES (Feb. 19-March 20). You're as interested in the questions posed to you as you are in your answers to them, which will come from such a deep place inside you that they may actually surprise you.

TODAY'S BIRTHDAY (Aug. 9). Character is destiny. Your integrity is ultimately what will bring you success. Whether you turn left or right, if you "do you" at every turn, you'll meet with the highest and best fate. September's financial decisions will have far-reaching, positive results. Love is a thrill ride through the end of the year. Libra and Aquarius adore you. Your lucky numbers are: 9, 30, 22, 28 and 13.
