**HOROSCOPES**

By Holiday

FRIDAY, AUGUST 12, 2016

**ARIES** (March 21-April 19). You find some small reason to celebrate, and suddenly you've this irresistible party energy around you. Happy people will be attracted to your high vibration.

**TAURUS** (April 20-May 20). Your great work will not be the result of a flash of inspiration. It will be the culmination of dozens of experiments then hundreds of exercises to hone and tweak them. Try to be patient as you follow your curiosity.

**GEMINI** (May 21-June 21). Upon entering a room, it's natural to assume that everyone inside already knows one another, but of course this isn't usually the case. A small amount of boldness is all it will take to make new friends.

**CANCER** (June 22-July 22). There was a time you needed someone more than you do now. It doesn't mean that you were using this person before (maybe a little). Anyway, your efforts in the relationship will mean more now because they are selfless.

**LEO** (July 23-Aug. 22). Feelings are not facts. Feelings grab your attention and your mind immediately takes on the work of making sense of it - filling in a story to explain why, a theory, any theory, valid or not. Don't overreact!

**VIRGO** (Aug. 23-Sept. 22). Interests are, of course, a natural basis for friendship, but how are you to meet these new friends who share your interests unless you take some initiative and go to the meetup where they are hanging out?

**LIBRA** (Sept. 23-Oct. 23). You like people who are curious like you. This always leads to riveting conversation. You also like resolved people who don't have to ask so many questions. Today brings a good balance between the two types.

**SCORPIO** (Oct. 24-Nov. 21). Do not mistakenly think that if you get this or that out of the way, you'll finally have peace. Your peace is not being impeded by "this or that," so much as the machinations of your mind, which can also be trained toward tranquility.

**SAGITTARIUS** (Nov. 22-Dec. 21). Questions of authority arise. Who is to say? Who calls the shots? Whose opinion matters? Who gets the final word? The obvious answers are wrong. Look deeper. Power can be tricky and secretive.

**CAPRICORN** (Dec. 22-Jan. 19). The very ambition that causes you to want to be at a higher peak might be preventing you from seeing your situation from the better vantage point. The only way is to shake off your desire, fear and ego. Be the moment.

**AQUARIUS** (Jan. 20-Feb. 18). When you think of the other person as an adversary, the gap between your positions seems ever so wide. But is this person really the enemy? With all you have in common, you could be fighting for a shared goal.

**PISCES** (Feb. 19-March 20). Travels and adventures are on your mind, though you wonder if all the fun is in the fantasy of this. There are pains and inconveniences involved in making this real. Is it worth it? Only you can answer that.

**TODAY'S BIRTHDAY** (Aug. 12). Life is cumulative. What you now consider to be some of your most valuable experiences were at one time stories you didn't want to tell. Because of your open mind and embracing heart, many resplendent happenings unfolded before the year is over. Take your impressive earnings and invest them in the February project. Pisces and Libra adore you. Your lucky numbers are: 6, 2, 1, 14 and 9.
