

# *Celebrate, Commemorate & Come Together*

For 100 years, community members have been gathering at the historic Carnegie Library Building to mark important milestone events. Classic architecture and a creative atmosphere make the Pendleton Center for the Arts a great location for weddings, showers, reunions and mid-sized conferences. We provide a beautiful, affordable setting and you work with local businesses and family members to provide all the special touches that will make your event unforgettable.

Need a list of Pendleton caterers, hotels, bed & breakfast options & florists? We're happy to provide one!
