**GUITAR (AGES 8-12)**  
MIKE KELLISON, INSTRUCTOR

A solid introduction to guitar covering chords, rhythm and music reading, as well as care of the instrument itself. This class will provide the foundation for students to go on to play all styles of music from rock to classical to folk; and Mike will incorporate these styles as students progress. This is a great class to get kids started in music, and students who already have experience playing will improve on their skills by taking on lead guitar parts in the group.

**VIOLIN/FIDDLE: LEVEL 1 (AGES 5-12)\***  
PEG WILLIS, INSTRUCTOR

This small group lesson is tailored for young students who have never played the fiddle before or have only been playing the fiddle for a little while. We'll start with the basics (bow hold, finger placement, posture), and then move on to bowing rhythms and a few songs, putting into practice the skills that we have learned. Parents should attend each lesson and be willing to help their children practice at home every day— Peg will provide parents with the skills they need to be involved.

**VIOLIN/FIDDLE: LEVEL 2 (AGES 5-12)\***  
PEG WILLIS, INSTRUCTOR

This small group lesson is for more experienced students who are comfortable learning at a faster pace. 1-2 years of experience playing the fiddle is desirable. We will be learning fiddle songs by ear and with sheet music and/or tab. The objectives of this group will be to add songs to your personal repertoire, gain confidence playing in front of people, build on skills and techniques, and most of all have fun. It's helpful if parents attend each lesson, so they can help their children with daily practice at home.

\* Learning an instrument takes practice and support. During class, Peg will provide information for students and parents about daily fiddle practice. Parents should be prepared to attend each class along with their child, and are expected to help their children practice at home every day.
